

Dr. Adriana Lombardi Recognized as a 2026 NJ Top Doc for Excellence in Dermatology

NJ Top Docs has reviewed and approved Dr. Adriana Lombardi based on merit for 2026.

EDISON, NJ, UNITED STATES, August 31, 2026 /EINPresswire.com/ -- NJ Top Docs has reviewed and approved Dr. Adriana Lombardi of The Skin Cancer & Cosmetic Surgery Center of New Jersey based on merit for 2026. For Dr. Lombardi, dermatology is a unique blend of medicine, surgery, artistry, and patient care. As a board-certified dermatologist specializing in skin cancer detection, Mohs surgery, and reconstructive procedures, she has dedicated her career to helping patients achieve healthy skin while feeling confident in their appearance.

Dr. Adriana Lombardi

Dr. Lombardi's interest in surgery began early in life while spending time in her father's orthopedic surgery practice. Watching the impact physicians could have on their patients inspired her own path into medicine. During her time at Robert Wood Johnson Medical School, she discovered dermatology and found the perfect intersection of her interests in surgery, skin health, and patient-centered care through Mohs skin cancer surgery and facial reconstruction.

With more than a decade of focused experience in the early detection and treatment of skin cancer, Dr. Lombardi has performed over 7,000 surgeries throughout her career. She is recognized for her meticulous surgical technique, attention to detail, and dedication to achieving excellent cosmetic outcomes alongside effective treatment. Understanding that a skin cancer diagnosis can be overwhelming, she prioritizes education, communication, and reassurance, taking the time to help patients understand their options and feel comfortable with their care plan every step of the way.

In 2018, Dr. Lombardi founded The Skin Cancer & Cosmetic Surgery Center of New Jersey with a clear vision: to create a practice where advanced dermatologic care and aesthetic expertise could exist seamlessly under one roof. What began as a medical practice has grown into a comprehensive destination for skin health, offering patients access to both leading-edge medical treatments and innovative cosmetic services in a warm, welcoming environment.

In addition to skin cancer treatment and medical dermatology, Dr. Lombardi offers a broad range of cosmetic services designed to help patients look and feel their best. Her state-of-the-art facility provides non-surgical treatments including cosmetic injectables, dermal fillers, facial contouring, laser therapies, radiofrequency microneedling, CoolSculpting®, and other advanced aesthetic procedures. Her approach focuses on enhancing natural beauty with subtle, balanced results tailored to each individual.

Dr. Lombardi also believes that skin health is closely connected to overall wellness. Influenced by her continued studies through the Institute for Integrative Nutrition, she incorporates discussions about nutrition, healthy living, and lifestyle habits into patient care when appropriate. This holistic perspective complements her evidence-based approach to dermatology and reflects her commitment to supporting the whole person, not just their skin.

As an active member of the American Academy of Dermatology, the American College of Mohs Surgery, and the American Society of Dermatologic Surgery, Dr. Lombardi remains committed to continuing education and professional development. By staying current with the latest advancements in dermatology, she ensures her patients have access to the most effective techniques and technologies available.

At the heart of Dr. Lombardi's practice is a simple goal: to provide expert, personalized care that helps patients feel healthy, confident, and empowered. Whether treating skin cancer, addressing a dermatologic concern, or helping a patient achieve their aesthetic goals, she is dedicated to delivering care with skill, compassion, and attention to every detail.
