September is recognized as Childhood Cancer Awareness Month, a time to recognize children, survivors and families affected by pediatric cancer while raising awareness and supporting continued research and treatment. Through its support during CCAM, TOPDON is helping advance the St. Jude mission to create a world where no child dies from cancer.

“Everyone at TOPDON USA believes that we have a responsibility to leverage our platform to make a meaningful difference in the lives of others,” said Justin Herald, Director of Marketing at TOPDON USA. “We’ve embraced the mission of St. Jude to help children facing life-threatening illnesses and the families who stand with them. We’re honored to support their compassionate care and groundbreaking research by donating 10% of the purchase price of every product sold through our U.S. website during Childhood Cancer Awareness Month.”

TOPDON USA

St. Jude is leading the way the world understands, treats and defeats childhood cancer and other life-threatening diseases through groundbreaking research and specialized care for some of the toughest pediatric cases. St. Jude has helped increase the overall childhood cancer survival rate in the U.S. from 20% in 1962 to more than 80% today.

"We're incredibly grateful to TOPDON USA and its customers for helping advance the mission of St. Jude: Finding cures. Saving children.®," said

Lyles Eddins, Senior Vice President,

Advancement for ALSAC, the fundraising and awareness organization for St. Jude. "Partnerships like this help fund the research and treatments that make cures possible for children with cancer, giving families hope and helping more children look forward to a brighter future."

About St. Jude Children's Research Hospital

St. Jude Children's Research Hospital is leading the way the world understands, treats and defeats childhood cancer and other life-threatening diseases. Its purpose is clear: Finding cures. Saving children.® It is the only National Cancer Institute-designated Comprehensive Cancer Center devoted solely to children. When St. Jude opened in 1962, childhood cancer was largely considered incurable. Since then, St. Jude has helped push the overall survival rate from 20% to more than 80% in the United States, and it won't stop until no child dies from cancer. St. Jude shares the breakthroughs it makes to help doctors and researchers at local hospitals and cancer centers around the world improve the quality of treatment and care for even more children. Because of generous donors, families never receive a bill from St. Jude for treatment, travel, housing or food, so they can focus on helping their child live.
