

House of Worship Is Now Available to Rent or Buy on Fandango Following the Premiere in More Than 400 Theaters Nationwide

NASHVILLE, TN, UNITED STATES, September 1, 2026 /EINPresswire.com/ -- House of Worship is now available exclusively on Fandango for a limited time. Beginning today, audiences can rent or purchase the film at <https://fandan.co/WatchHouseOfWorship>. The on-demand release follows the critically acclaimed film's debut last week in more than 400 theaters across the U.S.

Executive produced by Michael W. Smith and Darlene Zschech, and presented by The Fuel Music and Ori Music, House of Worship shares a bold revival of the anthems that have shaped modern worship. Iconic recording artists alongside today's leading and emerging voices in worship music, 25 artists in all, are featured in this one-of-a-kind film. Through cinematic storytelling and intimate interviews, it traces the origins and enduring influence of these songs on worship leaders, songwriters and congregations across generations and nations. “

A faith-filled documentary with amazing performances and uplifting conversations with worship artists that will entertain the whole family.”

Movieguide

Theater audiences and critics are already praising this unique worship experience. House of Worship has received national coverage from [CBN News](#), [The Christian Post](#) and Crosswalk, while [Movieguide](#) awarded the film four out of four stars and called it a “powerful movie experience.” Today’s Christian Entertainment gave it five stars and Worship Musician praised its gathering of legendary and current worship leaders and songwriters around “some of the most beloved worship songs of our lifetime.”

“What makes House of Worship special is the sense of shared reverence in the room,” adds

Patheos “Reel Faith” writer DeWayne Hamby. “These are not staged duets for the camera; they feel like a gathering of friends and fellow servants who simply wanted to worship together. The result is a film that functions as both celebration and invitation—an opportunity for audiences to join in songs that have shaped congregations for decades. For longtime worship listeners and newer ones alike, House of Worship delivers exactly what its title suggests: a house where generations meet, the songs remain central, and the focus stays on the One being sung about.”
