

AppTec Supports Secure Kiosk Device Management for Enterprise Operations

NY, NY, UNITED STATES, September 1, 2026 /EINPresswire.com/ --

Organizations across industries increasingly rely on dedicated devices to support customer engagement, operational workflows, and frontline services. AppTec360 [Mobile Device Management \(MDM\)](#) enables secure kiosk device management by allowing IT teams to configure, deploy, and centrally manage devices for specific business purposes while maintaining consistent security and operational control.

Designed for enterprise environments, AppTec360 helps organizations restrict device functionality to approved applications and settings, ensuring devices remain focused on their intended use. Whether deployed in retail, logistics, healthcare, manufacturing, or other operational environments, centralized kiosk management simplifies administration, reduces unauthorized device usage, and supports reliable day-to-day operations.

Key Features and Benefits:

1. Dedicated Device Configuration: Configure devices to operate in [kiosk mode](#) for specific business applications and workflows.

Best IT Control & MDM Solutions Company (UK) – Global 100 Awards (2024–2026)

AppTec recognized as the Champion in the MDM/UEM category at the Techconsult PUR 2026 Professional User Rating for Security Solutions

2. Centralized Device Management: Manage kiosk devices remotely through a single administration console for greater operational efficiency.
3. Application Access Control: Restrict devices to approved applications and settings, helping prevent unauthorized usage.
4. Remote Policy Enforcement: Apply configuration updates and security policies consistently across managed kiosk devices.
5. Reliable Enterprise Operations: Support uninterrupted business processes with centrally managed, purpose-built devices.

With AppTec360 Mobile Device Management, organizations can securely manage kiosk deployments, simplify device administration, and maintain consistent operational control across enterprise environments.

About AppTec

Headquartered in Basel, Switzerland, and hosted in Germany, Europe, AppTec360 supports over 6,400 companies across 107 countries with solutions that simplify enterprise mobility management.

Proud recipients of several prestigious awards, including:

1. Best IT Control & MDM Solutions Company (UK) – Global 100 Awards (2024–2026)
2. Champion in the MDM/UEM category – Techconsult User Rating (2024–2026)
3. Business Elite Awards – Best IT Control and Mobile Device Management Solutions, UK 2022
4. Global Business Insight “Winner of Enterprise Software Developers 2019
5. Leading Workplace & Mobility Management Vendor in the Quadrant of Crisp Research 2019”

Partnering with AppTec enables organizations to securely manage dedicated enterprise devices while maintaining operational consistency and centralized control.

For organizations interested in exploring AppTec360 kiosk device management, personalized demo sessions can be scheduled to demonstrate how it supports secure device configuration, centralized administration, and reliable enterprise operations.
