

Movers & Co Earns BBB A+ Accreditation as Lancaster County's Highest-Rated Full-Service Moving Company

A BBB Accredited Business since 2021, Movers & Co backs its 4.9-star Lancaster reputation with employee-only crews and written, all-inclusive pricing.

LANCASTER, PA, UNITED STATES, September 1, 2026 /EINPresswire.com/ -- Movers & Co, the full-service [moving company in Lancaster, PA](#) based at 1698 Temple Ave, has passed the five-year mark as a BBB Accredited Business, holding accreditation continuously since January 4, 2021. The milestone lands alongside a 4.9-star average rating built from more than 800 verified Google reviews, giving Lancaster County households and businesses a rare combination of third-party accreditation and sustained customer sentiment in an industry where neither is guaranteed.

Accreditation is not automatic. Businesses must apply, be evaluated, and commit to upholding the BBB Standards for Trust, which cover honest advertising, transparent disclosure, responsiveness to complaints, and the safeguarding of customer information. Holding that status across five consecutive years means the standard has been met repeatedly, not once.

For anyone comparing [local movers in Lancaster, PA](#), that record answers the question most quote forms leave open: who is actually accountable when something goes wrong on move day. Movers & Co operates under Pennsylvania Public Utility Commission license number 8923115 and carries liability and workers' compensation coverage on every job, so both the customer's belongings and the crew inside the home are covered.

The company attributes its review consistency to a staffing policy it has held since founding. Movers & Co does not use subcontractors or day laborers. The same trained, background-checked employees who load a home are the employees who unload it, which removes the mid-

move handoff that generates most of the damage claims and scheduling failures in the moving industry.

Pricing follows the same logic. Every customer receives a written, all-inclusive estimate before any work begins, covering crew, truck, materials, and standard equipment. There are no add-on charges for stairs, long carries, or basic protective wrapping. Free video survey estimates let residents lock in written pricing without scheduling an in-home visit, which has proven useful for out-of-state buyers relocating into Lancaster County and for renters coordinating a move around a work schedule.

Local knowledge does the rest. Crews handle parking permits for downtown Lancaster's narrow one-way streets, work within the access limits of Lititz's historic district, and plan around the newer developments in East Hempfield and Manheim Township. The company covers the 17601, 17602, and 17603 ZIP codes for local work and serves Harrisburg, Reading, York, Hershey, Ephrata, Elizabethtown, Lebanon, Columbia, Willow Street, and Philadelphia, with long-distance moves originating from Lancaster to destinations nationwide.

Service lines span residential and commercial moving, local and long-distance relocation, packing, storage, labor-only moving, piano and gun safe transport, senior moving, and white glove delivery. On the commercial side, the company handles after-hours and weekend office relocations with a dedicated coordinator managing furniture disassembly, reassembly, and IT sequencing, work it has performed for regional employers including Turkey Hill, Giant, and Penn State. Several Lancaster County real estate agencies list Movers & Co as a preferred mover for closing-day relocations.

The company also runs Move It Forward, a program that provides one free move every month to a Lancaster family in need, nominated by the community.

"Accreditation is a floor, not a trophy," said a spokesperson for Movers & Co. "What actually earns a five-star review is a crew that shows up when we said it would, a price that matches the paper we handed over, and a family that gets to unpack in a home that feels calm instead of chaotic. Five years of holding that standard is the part we are proud of."
