

Off Leash K9 Training of Dover, DE Highlights Behavior Modification Support for Aggressive and Reactive Dogs

Southern Delaware dog training business offers structured private lessons addressing aggression, reactivity, and related behavior concerns.

DOVER, DE, UNITED STATES, September 1, 2026 /EINPresswire.com/ -- [Off Leash K9 Training of Dover, DE](#) is highlighting its [Aggressive Dog Training Package](#), a training program designed for dog owners in Dover and throughout Southern Delaware who are managing aggression, reactivity, or related behavior concerns in their dogs.

Aggression and reactivity can be among the more difficult behavior issues for dog owners to navigate. These behaviors often appear as growling, lunging, tension around unfamiliar dogs or people, or heightened stress in new environments, and they can make everyday situations such as walks, visitors, or trips outside the home more challenging for both the dog and the owner.

The Aggressive Dog Training Package consists of eight private lessons focused on behavior modification for dogs showing aggression or reactivity. The program addresses desensitization to sounds or objects, confidence-building, obedience, and decision-making, with training tailored to each dog's individual history, triggers, and temperament. Lessons take place at the business's Frankford facility, with all sessions conducted privately and scheduled in advance.

In addition to the Aggressive Dog Training Package, Off Leash K9 Training of Dover, DE offers private lessons, Basic and Advanced Obedience, [Board and Train](#) programs, puppy training,

therapy dog development, in-home training, and its Basic Marker Mastery™ program. The business serves dog owners in Dover and throughout Southern Delaware, including Camden, Magnolia, Smyrna, Milford, Georgetown, Lewes, Rehoboth Beach, Millsboro, Seaford, Bethany Beach, Harrington, Clayton, Wyoming, Felton, and Frederica.
