

2026 National Energy & Propane Industry Survey Results Released by Gray, Gray & Gray – A Frazier & Deeter Company

CANTON, MA, UNITED STATES,
September 1, 2026 /EINPresswire.com/
-- Gray, Gray & Gray – a Frazier &
Deeter Company

(www.frazierdeeter.com), which is a consulting, accounting, and business advisory firm serving the fuel oil and propane industries, has released the results of its 35th Annual Energy & Propane Industry Survey. The survey serves as an important benchmark for delivered fuel marketers throughout the U.S.

The 2026 Energy Industry Survey results are based on reported operational and financial data for the heating season spanning April 2025 through March 2026. This year's survey featured additional operational insights from Angus Energy, an industry leader in data analytics, and the Propane Education & Research Council (PERC). The survey was presented in partnership with Warm Thoughts Communications, a leading strategic marketing services firm for the residential propane, heating oil, and HVAC industries.

“

Although global disruption in product supply created uncertainty in the market toward the end of the season, most heating oil and propane dealers emerged intact.”

Marty Kirshner, CPA, MSA

“Although global disruption in product supply created uncertainty in the market toward the end of the season,

most heating oil and propane dealers emerged intact,” says Marty Kirshner, CPA, MSA, the Partner leading the firm’s Energy Practice Group. “The challenge now will be planning effectively for the coming season.”
