

Safeway Moving Named Best of Florida 2026 Winner for Moving Companies

Veteran-owned interstate carrier recognized statewide by Guide to Florida, adding to its 2026 Newsweek Readers' Choice national honors.

FORT LAUDERDALE, FL, UNITED STATES, September 1, 2026 /EINPresswire.com/ -- Safeway Moving, a [veteran-owned](#) interstate moving carrier serving all 48 contiguous states, has been named a Best of Florida 2026 winner in the Moving Companies category by [Guide to Florida](#). The statewide honor is based on public voting and editorial review, and recognizes Safeway Moving among the top-performing moving companies operating in Florida this year, standing out in a category that included dozens of local, regional, and national movers competing for recognition.

The Best of Florida Awards program, now in its latest year, invites Florida residents to vote for the businesses they trust most across more than 20 industry and community categories, from real estate and healthcare to hospitality and home services. Winners are determined primarily by voting results, with Guide to Florida's editorial and compliance team reviewing top vote-getters to confirm they are in good standing with consumer protection organizations and relevant trade bodies before finalizing the list.

The recognition adds to a growing list of accolades for the company in 2026, following Safeway

Our Team In Action

Moving's selection as the #1 Best National Moving Company and #1 Best Storage Container Company in Newsweek's Readers' Choice Awards earlier this year. Together, the two honors reflect recognition at both the state and national level, from Florida voters who know the company's roots and from customers across the country who have used its services for interstate relocations.

"This one means a lot because it comes directly from the people we serve," said Boris, CEO of Safeway Moving. "Florida is where this company started, and it's still where a lot of our team calls home. Being recognized here, on top of the national attention we've gotten this year, tells us we're building something that holds up at every level, local and national. Awards like this don't happen without a team that shows up and does the work the right way, move after move."

Founded by a U.S. Army veteran, Safeway Moving has completed more than 18,000 moves and logged over 9 million miles across all 48 contiguous states in more than 20 years of operation, maintaining a 98% customer satisfaction rate. The company built its reputation on flat-rate interstate pricing that does not change at delivery, GPS-tracked shipments, and a barcoded inventory system designed to give customers visibility into their belongings from pickup through final delivery. The company is fully licensed and insured under USDOT 3756000 and MC 1335229, credentials that are verifiable through the FMCSA SAFER database and provided on every quote.

As Safeway Moving continues to expand its presence across the country, the company says recognitions like the Best of Florida award reinforce a standard it holds on every move, regardless of origin or destination state. The company plans to continue investing in its service model, technology, and crew training as it grows its footprint across all 48 contiguous states.

About Safeway Moving

Safeway Moving is a veteran-owned interstate moving carrier serving all 48 contiguous states. With more than 18,000 completed moves, over 9 million miles logged, and more than 20 years in operation, Safeway Moving maintains a 98% customer satisfaction rate.
