

2027 Best Lawyers Recognition Highlights Weiner Law's Trust, Probate and Litigation Practice

Weiner Law's selection to Best Lawyers: Ones to Watch® adds national peer-reviewed recognition to Weiner Law's California trust, probate litigation practice

SAN DIEGO, CA, UNITED STATES,
September 2, 2026 /EINPresswire.com/

-- Weiner Law: Trust, Probate & Litigation Lawyers, APC is receiving new national recognition following the selection of founder and CEO Daniel R. Weiner to the 2027 edition of Best Lawyers: Ones to Watch® in America.

“

This recognition reflects the strength of this firm and team we have built.”

Daniel R. Weiner, ESQ

While the recognition is awarded to an individual attorney, Weiner Law views the distinction as another reflection of the reputation the firm has built throughout California for its work involving [trust litigation](#), [probate litigation](#) and [civil litigation](#).

Best Lawyers lists Weiner Law among firms represented in

the 2027 Ones to Watch awards and identifies Litigation – Trusts and Estates and Probate Litigation among the firm's recognized areas of practice. Those areas are central to Weiner Law's work and its continued growth throughout California.

The firm represents beneficiaries, trustees, heirs, personal representatives and families in high-conflict matters involving inheritances, fiduciary conduct, estate assets, contested trusts and the interpretation or administration of trusts and estates.

Weiner Law's attorneys bring many years of litigation, courtroom and trial experience to these matters. The firm has handled cases in courts across nearly every county in California, providing its attorneys with experience navigating disputes in a wide range of jurisdictions, communities and court systems throughout the state.

The firm's litigation practice includes disputes involving allegations of breach of fiduciary duty, contested trusts and estates, beneficiary rights, challenges involving trustees and executors, disputed estate assets, inheritance conflicts and other matters that can arise when significant assets and family relationships intersect.

A Peer-Reviewed National Recognition

Best Lawyers: Ones to Watch® in America uses a peer-review process associated with the Best Lawyers recognition methodology.

For its 2027 edition, Best Lawyers reported more than 1.3 million evaluations from over 16,000 voting attorneys in determining the recognized attorneys.

Approximately 25,000 attorneys across 79 practice areas were recognized in the 2027 edition, representing roughly 2% of eligible early-career attorneys in the United States.

The recognition adds another independent professional credential to Weiner Law as the firm continues expanding its litigation presence and representing clients throughout California.

A Statewide California Litigation Practice

Weiner Law has increasingly focused its practice on trusts, probate and litigation, with particular emphasis on disputes involving estates, beneficiaries, trustees and fiduciaries.

The firm assists clients when estate plans are challenged, fiduciary relationships break down, assets cannot be accounted for, beneficiaries believe a trustee or executor has acted improperly, or disagreements develop over the administration or distribution of an estate or trust.

These matters often require considerably more than knowledge of probate and trust law. Cases can involve extensive discovery, depositions, evidentiary disputes, financial records, expert witnesses, mediation and, when necessary, trial.

Weiner Law's attorneys have years of experience handling contested matters both inside and outside the courtroom. Having represented clients in courts across nearly every county in California, the firm has developed a statewide litigation practice capable of handling complex trust, probate and civil disputes throughout the state.

That experience allows the firm to approach trust and probate disputes not simply as estate matters, but as litigation matters that may require strategic preparation from the beginning.

Weiner Law also emphasizes direct attorney involvement early in the client relationship. Prospective clients discussing a potential legal matter are given the opportunity to speak with an attorney about their circumstances rather than relying exclusively on a non-attorney intake

specialist to evaluate the potential case. That initial conversation with an attorney is provided at no charge to the prospective client.

The approach reflects Weiner Law's goal of combining the resources, courtroom experience and trial capabilities required for sophisticated litigation with the accessibility and direct attorney involvement associated with a focused law firm.

The 2027 Best Lawyers recognition adds to the firm's growing professional profile while reinforcing its focus on trust litigation, probate litigation and related civil disputes throughout California.
