

Merit Portable Buildings of LaBelle, FL Lists Sheds on ShedHub Online Marketplace

Florida shed dealer expands its online presence by listing sheds, garages and cabins on ShedHub

LABELLE, FL, UNITED STATES, September 2, 2026 /EINPresswire.com/ -- [Merit Portable Buildings](#) has listed its inventory on [ShedHub](#), an online marketplace dedicated to helping consumers find [sheds for sale](#) and connect with shed sellers.

Merit Portable Buildings is a dealer of South Country Sheds and carries Florida-built sheds, garages and cabins designed for storage and other property needs. By joining ShedHub, the dealer is making its inventory easier for online shoppers to discover while researching and comparing portable buildings.

The new ShedHub listings give consumers a convenient way to browse buildings from Merit Portable Buildings, review individual structures and connect with the seller as they search for the right building for their property.

"Merit Portable Buildings joining ShedHub means shed shoppers have a stronger selection of Florida-built buildings to explore," said Jeff Huxmann, CEO and Co-Founder of ShedHub. "We want consumers to have a simple way to find sheds for sale, explore buildings from sellers in their area and connect with dealers when they find the right shed."

Shoppers can find numerous building styles from Merit Portable Buildings through ShedHub. Shed styles include the Side Gable Lofted Shed, Side Gable Shed, Side Lofted Barn Shed, Gable Lofted Shed, Gable A-Frame Shed, Lofted Barn Shed, Single Slope Shed and Studio Shed.

Customers looking for larger structures can choose from the Gable Garage, Lofted Gable Garage

and Lofted Barn Garage. Cabin styles include the Lofted Barn Cabin, Gable Cabin and Lofted Gable Cabin. These different building styles can accommodate backyard storage, lawn and garden equipment, tools, recreational gear and other storage needs.

The portable buildings sold by Merit Portable Buildings include several construction features focused on durability and protection from Florida weather. Buildings are hurricane-rated and built to withstand winds up to 160 mph. Construction includes TECHNOply™ synthetic roof

underlayment and a pressure-treated joist and skid system designed to help prevent rot.

Buildings also feature over-the-door flashing to help prevent water leakage and come with a 10-Year Limited Warranty, subject to applicable warranty terms and conditions.

Merit Portable Buildings also provides free delivery and setup within 175 odometer miles from the lot, subject to applicable delivery requirements. Standard setup includes one trip to the specified delivery location, along with leveling and anchoring of the building.

Four-inch flat, solid concrete blocks are included as part of the setup and are used to properly level the building. Customers who prefer stacked blocks may purchase additional blocks as needed. Anchoring is also included, with each building receiving the minimum number of anchors required based on the size of the building purchased.

Including both concrete blocks and anchoring as part of the standard setup gives customers a more complete delivery experience and helps distinguish Merit Portable Buildings from competitors that may charge separately for these services.

Customers can also personalize their building with different styles, features and colors. Merit Portable Buildings has 21 paint colors available, including Riehl Green, Quaker Tan, Jamestown Red, Bora Bora Shore and Navajo White.

A 3D building configurator allows customers to visualize and customize a shed before deciding on their preferred design. The combination of building styles, colors and customizable features makes it easier for customers to select a structure suited to both their practical needs and the appearance of their property.

Customers interested in spreading the cost of a portable building over time can explore rent-to-own and financing programs through Merit Portable Buildings. These purchasing methods provide alternatives to paying the full purchase price upfront. Terms, eligibility requirements and payment amounts vary by program and building.

Listing inventory on ShedHub gives Merit Portable Buildings another way to reach consumers who begin their shed search online. Rather than visiting multiple dealer lots or searching across numerous websites, consumers can use ShedHub to discover sheds for sale, browse inventory from shed sellers and connect with dealers serving their area.

For Merit Portable Buildings, joining the marketplace creates another digital channel for reaching shoppers actively researching sheds, garages and cabins. For consumers, the addition brings more inventory to ShedHub and another seller to consider during their search.
