

ICTWEEK Uzbekistan 2026 to Connect Uzbekistan's Tech Ecosystem With Global Markets

ICTWEEK Uzbekistan 2026 will bring global tech leaders, investors, startups and innovators together in Tashkent to explore new opportunities.

TASHKENT, UZBEKISTAN, September 3, 2026
/EINPresswire.com/ -- [ICTWEEK Uzbekistan 2026](#)
to Bring Global Tech, Investment and Startup Opportunities in One Place

From September 22 to 25, Tashkent will host ICTWEEK Uzbekistan 2026, bringing together startups, investors, technology companies, policymakers, developers and international industry leaders for four days focused on technology, investment, entrepreneurship and international cooperation. The event will create a platform for business and technology leaders to exchange expertise, explore investment and market opportunities, showcase innovative solutions and build partnerships connecting Uzbekistan with international technology ecosystems.

The program will span the key areas shaping Uzbekistan's digital economy — startups and venture capital, artificial intelligence, IT and business services, cloud technologies, cybersecurity, gaming and digital infrastructure — while connecting the country's technology ecosystem with partners and markets across the world. Across four days, participants will have access to expert discussions, startup pitches, technology showcases, investor meetings and networking opportunities covering the key sectors shaping Uzbekistan's digital economy and its growing role in global technology markets.

September 22: Startups, Venture Capital and Uzbekistan-Japan Cooperation

ICTWEEK Uzbekistan 2026 will open with a strong focus on startups, investment and international technology partnerships.

The Startup & Venture Summit will bring together founders, venture capital funds, angel investors and startup ecosystem leaders from around the world to discuss startup growth, fundraising, international expansion and the evolving role of public and private capital in innovation.

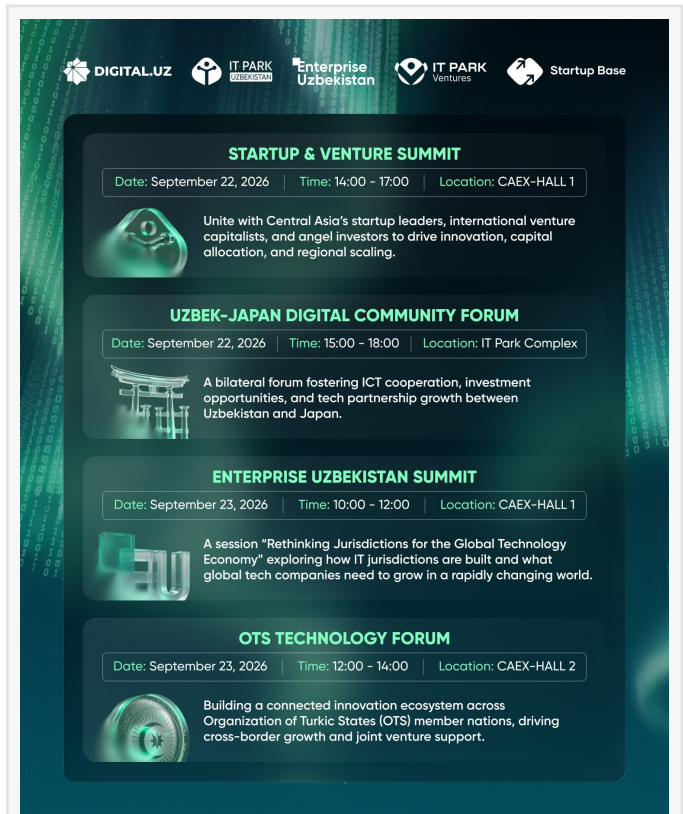

For founders, the summit will provide an opportunity to connect with investors and ecosystem organizations, exchange experience with other entrepreneurs and explore pathways to new markets. For investors, it will offer direct exposure to emerging companies and the broader startup landscape developing in Uzbekistan and Central Asia.

The Uzbek-Japan Digital Community Forum will bring together technology companies, startups, investors and industry leaders from Uzbekistan and Japan to explore new opportunities for bilateral ICT cooperation, investment and technology partnerships. The program will feature a dedicated VC and investor track, discussions on developing creative industries, and networking opportunities designed to foster new business connections and strengthen ties between the two technology ecosystems.

September 23: Building the Global Technology Economy

The second day will focus on Uzbekistan's position in the international technology economy and the development of connected regional ecosystems.

The Enterprise Uzbekistan Summit, under the theme "Rethinking Jurisdictions for the Global Technology Economy," will examine how modern technology jurisdictions are built and what global technology companies need to scale. International experts, investors and policymakers

DIGITAL.UZ IT PARK UZBEKISTAN Enterprise Uzbekistan IT PARK Ventures Startup Base

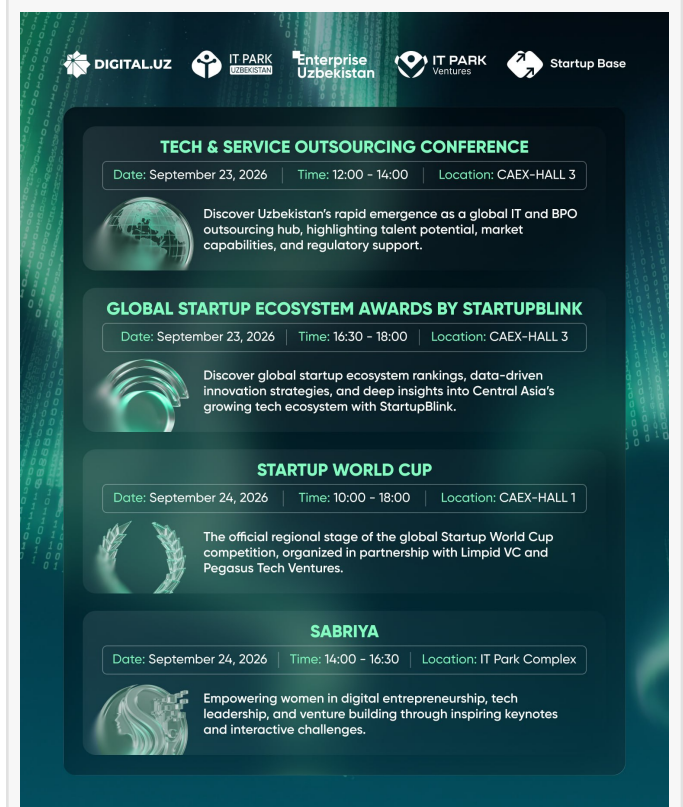

STARTUP & VENTURE SUMMIT
Date: September 22, 2026 | Time: 14:00 - 17:00 | Location: CAEX-HALL 1
Unite with Central Asia's startup leaders, international venture capitalists, and angel investors to drive innovation, capital allocation, and regional scaling.

UZBEK-JAPAN DIGITAL COMMUNITY FORUM
Date: September 22, 2026 | Time: 15:00 - 18:00 | Location: IT Park Complex
A bilateral forum fostering ICT cooperation, investment opportunities, and tech partnership growth between Uzbekistan and Japan.

ENTERPRISE UZBEKISTAN SUMMIT
Date: September 23, 2026 | Time: 10:00 - 12:00 | Location: CAEX-HALL 1
A session "Rethinking Jurisdictions for the Global Technology Economy" exploring how IT jurisdictions are built and what global tech companies need to grow in a rapidly changing world.

OTS TECHNOLOGY FORUM
Date: September 23, 2026 | Time: 12:00 - 14:00 | Location: CAEX-HALL 2
Building a connected innovation ecosystem across Organization of Turkic States (OTS) member nations, driving cross-border growth and joint venture support.

Startup & Venture Summit

DIGITAL.UZ IT PARK UZBEKISTAN Enterprise Uzbekistan IT PARK Ventures Startup Base

TECH & SERVICE OUTSOURCING CONFERENCE
Date: September 23, 2026 | Time: 12:00 - 14:00 | Location: CAEX-HALL 3
Discover Uzbekistan's rapid emergence as a global IT and BPO outsourcing hub, highlighting talent potential, market capabilities, and regulatory support.

GLOBAL STARTUP ECOSYSTEM AWARDS BY STARTUPBLINK
Date: September 23, 2026 | Time: 16:30 - 18:00 | Location: CAEX-HALL 3
Discover global startup ecosystem rankings, data-driven innovation strategies, and deep insights into Central Asia's growing tech ecosystem with StartupBlink.

STARTUP WORLD CUP
Date: September 24, 2026 | Time: 10:00 - 18:00 | Location: CAEX-HALL 1
The official regional stage of the global Startup World Cup competition, organized in partnership with Limpid VC and Pegasus Tech Ventures.

SABRIYA
Date: September 24, 2026 | Time: 14:00 - 16:30 | Location: IT Park Complex
Empowering women in digital entrepreneurship, tech leadership, and venture building through inspiring keynotes and interactive challenges.

Tech & Service Outsourcing Conference

will discuss Uzbekistan's investment potential alongside leading international technology jurisdictions.

The OTS Technology Forum will focus on building a connected innovation ecosystem across the Organization of Turkic States, with discussions on cross-border cooperation, ecosystem integration and joint investment. The program will also feature government support presentations from regional technology hubs.

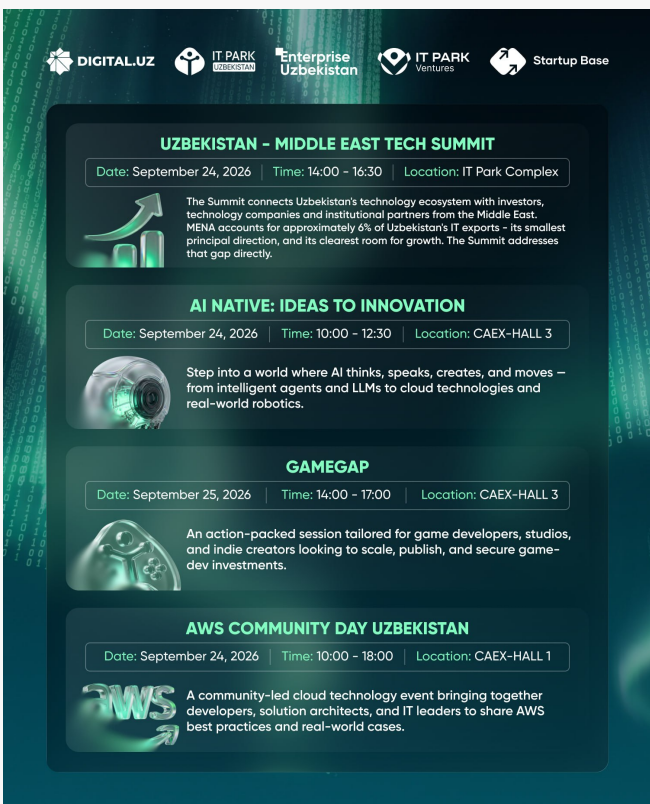

The Tech & Service Outsourcing Conference will highlight Uzbekistan's development as an international IT and BPO outsourcing destination, with a focus on talent, market opportunities, regulatory support, compliance, data privacy and global service delivery. The program will also feature the Uzbekistan Capability Report 2027 and recognize leading companies through the Best GBS Exporter Award.

Startup ecosystem development will take the international stage through the Global Startup Ecosystem Awards by StartupBlink, held in partnership with [IT Park Uzbekistan](#).

The awards will recognize cities, countries and regions demonstrating outstanding performance, growth and specialization in the StartupBlink Global Startup Ecosystem Index and Innovators Business Environment Index.

The ceremony will be followed by the panel discussion "Best Practices in Startup Ecosystem Development," where ecosystem leaders will examine the drivers of startup growth, effective allocation of resources, investment attraction and the practices helping emerging ecosystems become more globally competitive.

September 24: Startup World Cup, AI and Middle East

Uzbekistan - Middle East Tech Summit

Date: September 24, 2026 | Time: 14:00 - 16:30 | Location: IT Park Complex

The Summit connects Uzbekistan's technology ecosystem with investors, technology companies and institutional partners from the Middle East. MENA accounts for approximately 6% of Uzbekistan's IT exports - its smallest principal direction, and its clearest room for growth. The Summit addresses that gap directly.

AI NATIVE: IDEAS TO INNOVATION

Date: September 24, 2026 | Time: 10:00 - 12:30 | Location: CAEX-HALL 3

Step into a world where AI thinks, speaks, creates, and moves - from intelligent agents and LLMs to cloud technologies and real-world robotics.

GAMEGAP

Date: September 25, 2026 | Time: 14:00 - 17:00 | Location: CAEX-HALL 3

An action-packed session tailored for game developers, studios, and indie creators looking to scale, publish, and secure game-dev investments.

AWS COMMUNITY DAY UZBEKISTAN

Date: September 24, 2026 | Time: 10:00 - 18:00 | Location: CAEX-HALL 1

A community-led cloud technology event bringing together developers, solution architects, and IT leaders to share AWS best practices and real-world cases.

Uzbekistan - Middle East Tech Summit

IGNYTE AI CHALLENGE 2026

Date: September 25, 2026 | Time: 11:00 - 13:00 | Location: IT Park Complex

An intense competitive innovation challenge focusing on Artificial Intelligence solutions and Cybersecurity track achievements.

TAQDIMOT

Date: September 25, 2026 | Time: 14:00 - 17:00 | Location: CAEX-HALL 2

An interactive, high-stakes pitch format connecting top startups directly with active investors for real-time deal-making.

Ignyte AI Challenge 2026

September 24 will place global startup competition, artificial intelligence, and international investment at the center of ICTWEEK Uzbekistan 2026.

One of the day's major events will be the official Uzbekistan regional stage of the Startup World Cup, organized in partnership with Limpid VC and Pegasus Tech Ventures.

Regional startups will pitch before an international jury, receiving live scoring and expert feedback. The winning startup will advance to the Startup World Cup Grand Finale in Silicon Valley, where companies from around the world will compete for a \$1 million grand prize.

The competition will provide founders with international exposure and a direct pathway from the regional startup ecosystem to a global investment stage.

AI NATIVE: Ideas to Innovation will move AI beyond presentations and into live demonstrations. Participants will see LLMs and cloud AI in action, explore working robotics prototypes and learn about AI-related study programs, careers and hackathons through the "Join the AI Game" experience.

The Uzbekistan–Middle East Tech Summit will connect Uzbekistan's technology ecosystem with investors, technology companies and institutional partners from the Middle East. Key areas will include investment in Uzbekistan's IT and digital infrastructure, market entry for Middle Eastern technology companies into Central Asia, and expansion opportunities for Uzbek startups and IT service companies in GCC markets.

September 25: Cloud, Cybersecurity, Gaming and Investment

The final day will bring together practical technology sessions with opportunities for startups, developers and investors.

AWS Community Day Uzbekistan will bring together developers, solution architects and IT leaders to explore cloud technologies, DevOps and artificial intelligence.

The program will include expert sessions, an AI Agents Football Competition, where autonomous AI agents will compete against each other, as well as interactive side activities and networking.

Participants will also exchange practical experience and discuss the development of cloud technologies in Central Asia.

The IGYTE AI Challenge 2026 will focus on artificial intelligence and cybersecurity, with five shortlisted finalists presenting their solutions across dedicated challenge tracks before the recognition of leading talent in AI and security.

GameGap will provide a dedicated platform for game developers, studios and independent creators looking to scale, publish and secure investment. Regional gaming studios will showcase

their work, while sessions will explore indie and startup models, publishing strategies and IT Park Ventures support, alongside game testing and networking.

The four-day startup and investment agenda will conclude with TAQDIMOT (Startup Show & Pitch Battle), bringing promising technology startups to the stage for short presentations and live pitch battles.

Founders will have the opportunity to showcase their products and business models, receive direct feedback and engage with potential investors and partners. The format is designed to turn startup presentations into practical conversations around product potential, partnerships and investment.

Uzbekistan's Growing Technology Ecosystem

Across four days, ICTWEEK Uzbekistan 2026 will bring together the different parts of the country's technology ecosystem — from startups and venture capital to AI, cybersecurity, gaming, cloud technologies and IT services — while creating direct opportunities for international cooperation.

For startups, the program offers access to investors, competitions and international markets. For technology companies, it provides opportunities to explore Uzbekistan and the wider Central Asian market. For investors and international partners, it offers a closer look at the country's growing talent base, technology ecosystem and emerging opportunities.

ICTWEEK Uzbekistan 2026 comes as Uzbekistan's technology and startup ecosystems continue to expand.

ICTWEEK Uzbekistan 2026 materials highlight 38 million+ people of working-age talent, 145 IT universities and more than 110,000 ICT specialists, alongside more than 1 million Uzbek coders. With 65% of the population under 35, the country has a growing pool of young technology talent.

Uzbekistan's startup ecosystem attracted more than \$400 million in investment in 2025 and is valued at approximately \$4.3 billion, with more than 100 Uzbek startups operating in international markets. ICTWEEK Uzbekistan 2026 materials also position Uzbekistan among the world's fastest-growing startup ecosystems and as a leading startup hub in Central Asia.

ICTWEEK Uzbekistan 2026 will ultimately serve as a platform for connecting Uzbekistan's expanding digital economy with global capital, technology companies, talent and international markets.

About IT Park Uzbekistan

IT Park Uzbekistan is a government-backed organization established in 2019 by the initiative of the President of the Republic of Uzbekistan, Mr Shavkat Mirziyoyev, to support the development of the country's IT industry and digital economy.

IT Park operates under the Ministry of Digital Technologies of the Republic of Uzbekistan to develop the national technology ecosystem, support local IT companies and startups, attract international technology businesses and investment, and expand Uzbekistan's presence in global technology markets.

IT Park Uzbekistan now brings together more than 3,800 member companies, 1,000+ foreign companies, 56,000+ employees and 1,000+ startups. Its international presence also includes representative offices in Los Angeles, Berlin, Seoul, Riyadh, Tokyo and Shanghai.

The organization supports companies across areas including software development, IT-enabled services, BPO and KPO, startups, artificial intelligence, gaming and other technology sectors.

Through its ecosystem, support programs and international initiatives, IT Park helps companies establish and scale operations in Uzbekistan, access the country's growing talent pool, enter international markets and develop partnerships with global businesses.

ICTWEEK Uzbekistan 2026 is one of the key platforms through which IT Park Uzbekistan connects the country's technology ecosystem with international companies, investors, entrepreneurs and industry leaders.
