Sunrise Moving and Packing Surpasses 25,000 Completed Moves Across the Midwest

Licensed and insured mover marks a major service milestone as it continues to grow in Kansas City and surrounding markets.

KANSAS CITY, MO, UNITED STATES, September 3, 2026 /EINPresswire.com/ -- Sunrise Moving and Packing, a licensed and insured moving company serving Kansas City and communities across Missouri, Illinois, and Kansas, announced it has now completed more than 25,000 moves since opening its doors. The milestone spans local residential relocations, long-distance moves, and commercial moves for businesses throughout the region.

The company built its reputation on a consistent, repeatable process rather than one-off service: booking an appointment, arriving on time, and helping the customer settle into their new space. That same three-step approach has applied to every one of the 25,000-plus moves the company has completed, according to Sunrise Moving and Packing.

"Twenty-five thousand moves is a lot of families and businesses trusting us with something personal," said Caleb Thurman, owner of Sunrise Moving and Packing. "We don't take that lightly. It's why we've stayed focused on doing the fundamentals right, showing up on time, communicating clearly, and treating people's belongings like our own, rather than chasing growth for its own sake."

Kansas City has been one of the company's most active markets, with steady demand for local moves, long-distance relocations, and commercial and office moves. Sunrise Moving and Packing also offers professional packing services for customers who want additional support preparing their belongings, and the company has built a base of 3,787 customer reviews reflecting its track record with those it has served.
