

Ampcus Welcomes Vijay Sundhar as Senior Vice President – Enterprise AI & Customer Engagement

Ampcus today announced that Vijay Sundhar has joined the company as Senior Vice President – Enterprise AI & Customer Engagement

CHANTILLY, VA, UNITED STATES, September 3, 2026 /EINPresswire.com/ -- Ampcus today announced that Vijay Sundhar has joined the company as Senior Vice President – Enterprise AI & Customer Engagement, following the successful completion of Ampcus's acquisition of SmarterD.

“

Vijay's track record of building and scaling AI-powered platforms for complex enterprises makes him the ideal leader to drive our Enterprise AI and customer engagement agenda”

Salil Sankaran

Vijay is a technology entrepreneur and enterprise transformation leader with more than 35 years of experience spanning enterprise architecture, artificial intelligence, systems integration, ERP, and technology innovation. As Founder and CTO of SmarterD, he built an AI-driven platform designed to converge IT, security, risk, and operational data into actionable intelligence for

enterprise customers.

In his new role, Vijay will lead Ampcus's Enterprise AI strategy and work closely with customers and delivery teams to turn emerging AI capabilities into practical, scalable solutions that drive measurable business outcomes. His experience building technology platforms, working with large enterprise organizations, and translating complex technology into customer value will strengthen Ampcus's ability to help clients navigate the rapidly evolving AI landscape.

“Vijay's track record of building and scaling AI-powered platforms for complex enterprises makes him the ideal leader to drive our Enterprise AI and customer engagement agenda,” said Salil Sankaran, President of Ampcus Group. “His deep expertise in converging IT, security, and operational data aligns directly with our strategy to deliver integrated, AI-driven solutions that improve resilience, reduce risk, and accelerate digital transformation for our customers.”

The appointment follows Ampcus's acquisition of SmarterD, an AI-powered data convergence

platform that strengthens Ampcus's cybersecurity and risk management offerings. Post-acquisition, the SmarterD brand is being retained and integrated within Ampcus's cybersecurity and digital transformation business.

"SmarterD's AI-powered data convergence platform is exactly what the market needs right now," Salil Sankaran said in connection with the SmarterD transaction. "With Vijay now leading our Enterprise AI and Customer Engagement efforts, we are well positioned to scale these capabilities across our global customer base and deliver tangible business value faster."

About Ampcus

Ampcus is a global technology services and solutions provider specializing in cybersecurity, digital transformation, and enterprise IT services. The company helps organizations modernize their technology environments, strengthen security and compliance postures, and leverage AI and data-driven insights to improve business performance.
