SAN FRANCISCO, CA, UNITED STATES, September 4, 2026 /EINPresswire.com/ -- After breaking the world record for the World's Largest Pub Crawl in 2025, CrawlSF plans to make Crawloween even bigger with four days of events, more than 50 participating bars and an expected crowd of over 25,000 people.

A Major Halloween Celebration Across San Francisco

Crawloween is designed to turn Halloween into a citywide event rather than a celebration confined to one nightclub or venue. With participating bars spread across several neighborhoods, the pub crawl gives guests the freedom to choose their own Halloween

experience.

The event also offers a more flexible alternative to traditional Halloween parties. Instead of purchasing an expensive ticket for a single venue, Crawloween participants receive access to drink specials and entertainment at dozens of participating locations.

“Halloween has always been one of the best times to go out in San Francisco,” Seliga said. “People put real effort into their costumes, the bars get creative and every neighborhood feels a little different. Crawloween brings all of that together into one massive event.”
