

Doroni Aerospace to Offer Hands-On Access to H1-X eVTOL During National Drive Electric Month

Leading Aviation Startup to Showcase H1-X Personal Vehicle to Investors, Customers and Media during Open House Events at Company Headquarters

DANIA BEACH, FL, UNITED STATES, September 8, 2026 /EINPresswire.com/ -- Doroni Aerospace, a trailblazing American [flying car and eVTOL company](#), will celebrate National Drive Elective Month by hosting invite only open house events at their headquarters to showcase the H1-X personal

vehicle to investors, pre-order customers and media on Thursday, September 17, Thursday, October 8 and Wednesday, October 21.

“

With National Drive Elective Month upon us, we believe there is a convergence of technology, regulation and financial interest in the future of personal flight”

Doron Merdinger, CEO and Founder of Doroni Aerospace

These events will allow attendees an opportunity to see the latest advancements to the H1-X following the FAA's implementation of its Modernization of Special Airworthiness Certification (MOSAIC) rule. Guests will be invited to sit inside the H1-X and interact with the onboard SOUL AI™ Digital Co-Pilot system. Doroni staff will be onsite to answer any questions and provide updates on

the H1-X's testing, manufacturing and delivery timeline.

“As electronification continues to spread throughout the automotive industry, Doroni is paving the way for EV integration into personal aviation,” said Doron Merdinger, Founder and CEO of Doroni Aerospace. “With National Drive Elective Month upon us, we believe there is a convergence of technology, regulation and financial interest in the future of personal flight. Our team is excited to give people an up-close look at the progress we’ve made on the H1-X and demonstrate how advances in technology and regulation are bringing personal electric flight closer to reality.”

National Drive Electric Month is a nationwide celebration designed to raise awareness of all-electric and plug-in hybrid vehicles. Community events take place across the United States to give consumers opportunities to learn more about EVs and their role in creating a more

sustainable transportation future.

For media interested in attending an open house or to learn more about Daroni Aerospace, please contact James Lambert, Vice President at Rubenstein Public Relations, at jlambert@rubensteinpr.com or at 212-805-3024.
