Forex Expo Dubai to Take Place as Scheduled on 22–23 September 2026

DUBAI, DUBAI, UNITED ARAB EMIRATES, September 8, 2026 /EINPresswire.com/ -- Ninth edition proceeds as planned, bringing the industry together as the sector moves through a period of rapid platform and technology change.

Dubai's business calendar picks up pace after the summer lull, and this September, the global trading and fintech community comes together at Forex Expo Dubai, taking place 22-23 September 2026 at Dubai World Trade Centre, Halls 1-5.

What Attendees Can Expect

Across the five halls, the event brings together more than 250 exhibitors and 150 speakers, traders, introducing brokers, investors, brokerages, liquidity providers, payment providers and trading-technology firms — building on an edition that already holds a Guinness World Record for attendance at a forex exhibition.

"Preparations for this year's event are on track, and the dates and venue remain unchanged," said Niyaz Mohammed, Commercial Director at HQMENA. "Sponsors and exhibitors who've been with us before are back this year, and we're seeing new brands join alongside them. Everything is moving as scheduled, and we're excited for what this edition has in store."

Beyond the exhibition floor, conference sessions will cover affiliate models built around client quality over deposit volume, portfolios designed to hold up across shifting policy and commodity regimes, and what trader behaviour data reveals about platform and risk design.

An Expo Built for Different Goals

The event introduces dedicated experiences for Verified Traders, Introducing Brokers and Affiliates, helping exhibitors connect with audiences based on their role and interests. Eligible attendees also have a shot at winning a share of 160 grams of 24-karat gold in the Gold Lucky Draw.* Private meeting zones, live product demonstrations and side events before and after the expo extend the experience further.

*T&Cs apply.

Dubai's business and events calendar continues to run through September without disruption, and exhibitors, sponsors and attendees will be kept updated through official channels in the lead-up to the event.
