

Regency Heights Debuts Easy-Care Bedding Collection for Back to School

Regency Heights launches a back-to-school dorm bedding lineup with two designs and a supportive mattress: Comfortable, and now available at Walmart.

-- Ready to move back to campus this fall? [Regency Heights](#) is introducing a dorm refresh lineup designed for students. The lineup includes two bedding sets and a mattress, created

for anyone setting up a dorm room. Both are available at Walmart and online. It is solely created to eliminate the guesswork by combining everyday functionality.

Built for Dorm Life

Dorm rooms are often small and shared. That's why the lineup is designed around three everyday priorities:

1. dependable comfort
2. practically adaptable style
3. care that keeps up with a demanding academic schedule

Regency Heights saw it as a necessity. They developed the [dorm bedding](#) to meet the everyday needs of dorm living.

Every item in the lineup was chosen with real dorm life in mind, not just a showroom. Students often juggle classes, roommates, and tight budgets. This is why the collection was built to work as hard as they do. Nothing about it asks for extra effort, but everyday comfort that holds up through the semester.

Comfort

The Comfort pillar focuses on comfortable bedding that will feel pleasant. It does not take up too much space when paired with the supportive, extra-thick mattress for tiny dorm areas to provide comfort and relaxation.

Designed with comfort in mind, the bedding fabric is designed to remain soft even after repeated use, without compromising a cozy place.

The mattress was designed with dorm-sized rooms in mind. They provide extra support without taking up more space than a student has to spare. Paired with the soft dorm bedding, the goal is a setup that feels restful after a long day of classes.

Style

The Style pillar offers two design choices to match different tastes. A solid color option offers a simple look. It's perfect for cooler months. A classic plaid brings a cozy, versatile look. Both choices were chosen to coordinate easily with everything else a student might bring to campus, working well in any type of dorm room.

Both Regency Heights dorm bedding designs were not designed to stand out awkwardly. They were built to fit in. Whether a student wants their side of the room to feel warm and lived-in or clean and simple, either option pairs easily with whatever else they bring from home. No clashing prints, no guesswork, just something that looks good from day one.

Care

The Care pillar keeps things simple. The bedding is machine washable and made from durable fabric that resists fading and holds its shape wash after wash.

The mattress doesn't require difficult maintenance. Together, these choices mean less time spent on maintenance and more time for classes, friends, and campus life. Easy care was a priority throughout the collection.

For students living away from home for the first time, low-maintenance matters. The fabric is built to survive regular washing without losing its color or shape. No need to think twice about laundry day. Regency Heights Home has got it covered.

"We wanted dorm bedding that just works, be it through pricing or comfort," said the Head of Product at Regency Heights. As students have enough to think about during the back-to-school season, our goal was to make comfort, style, and easy care simple and affordable.

Ready for Move-In Day

Students and parents can shop the full dorm bedding lineup now at regencyheightshome.com

and at Walmart, ahead of move-in day. With both of the design choices and a supportive mattress to choose from, getting a dorm room ready this fall is simple, easy, and stress-free.

Regency Heights recommends shopping early to lock in the right size and design before dorm season picks up. Both bedding options and the mattress are currently available. This makes it simple to cross another item off the back-to-school checklist in advance.
