

Advocate Disability Services Earns Verified Excellence Award for Outstanding Homecare in Escondido

Escondido-based homecare providers recognized for exceptional client satisfaction, caregiver education, and a commitment to consistent, compassionate care.

ESCONDIDO, CA, UNITED STATES, September 9, 2026 /EINPresswire.com/ -- [Advocate Disability Services](#) (ADS), also known as Advocate Homecare Staffing,

“

Families aren't simply looking for someone to show up. They are trusting us with someone they love. That responsibility is at the heart of everything we do.”

*Cherie Hull Lucas, CEO,
Advocate Disability Services*

has been named a recipient of the Verified Excellence Award by the Consumer Ratings Institute, recognizing the company's commitment to high-quality care and the experience it provides seniors, individuals, and families throughout Southern California, Palm Springs and Las Vegas.

For ADS, the recognition represents more than a rating—it reflects a philosophy that has guided the organization from the beginning:

Education. Training. Experience. They get it.

ADS believes exceptional homecare begins long before a caregiver walks through a client's door. Caregivers are vetted and required to complete training through the company's [AHC Academy](#) before placement, helping prepare them to provide knowledgeable, compassionate, and dependable support.

Rather than treating homecare as simply filling a shift, ADS focuses on personal in person home assessment, matching clients with caregivers suited to their individual needs and maintaining consistency whenever possible—an approach designed to build trust between clients, families, and their care team and superior communication.

Services range from companion care, transportation, outings, appointments, meal preparation, medication management and light housekeeping to memory support, post-surgical assistance, palliative and hospice support, End-of-Life Doula services, healthcare advocacy, and wellness resources.

The company's leadership brings more than 50 years of combined experience in caregiving, homecare, senior services, and healthcare support.

"Families aren't simply looking for someone to show up. They are trusting us with someone they love. That responsibility is at the heart of everything we do."

— Cherie Hull Lucas, CEO, Advocate Disability Services

The Verified Excellence Award is presented by the Consumer Ratings Institute to businesses that demonstrate sustained excellence based on verified consumer feedback within their industry and community. ADS was recognized with a 4.6-star overall rating, reflecting reviews from clients and families.

ADS serves families throughout Escondido, North County San Diego, greater San Diego County, Temecula, Orange County, and Palm Springs, providing flexible care options ranging from 4-hour support to 24-hour care.

More Than Homecare

ADS has developed a broader model of support designed to meet families at different stages of aging and care. In addition to homecare staffing, resources include healthcare advocacy, wellness services, caregiver education through AHC Academy, memory support, and palliative and end-of-life support.

About ADS | Advocate Disability Services

Advocate Disability Services (ADS) is an Escondido-based homecare staffing provider serving seniors and families throughout Southern California. ADS provides trained and vetted caregivers for private homes and care settings, with services ranging from companionship and daily living assistance to memory support, post-surgical care, hospice support, and End-of-Life Doula services. Caregivers receive training through AHC Academy, ADS's caregiver and Home Care Aide training program.
