

Levridge 2026 R2 Now Available

Levridge 2026 R2 delivers greater automation, enhanced visibility, and improved operational efficiency for agribusinesses and cooperatives

FARGO, ND, UNITED STATES,
September 9, 2026 /EINPresswire.com/

-- Levridge announces the availability of the 2026 R2 release, introducing new features and enhancements across [Commodity Accounting](#), [Ag Sales](#), and [Equity & Patronage](#).

Commodity Accounting, Ag Sales, Patronage & Equity

Built on Microsoft Dynamics 365, this release reflects Levridge's continued commitment to delivering practical, industry-focused innovation that helps agribusinesses reduce administrative effort and gain better control over their financial and operational processes. The release includes new functionality requested through customer feedback alongside enhancements designed to streamline daily operations.

"The 2026 R2 release delivers meaningful enhancements that address real operational challenges," said John Melland, CEO of Levridge. "From simplifying data import for direct ship orders to further streamlining the settlement process, these enhancements help organizations improve accuracy and visibility across their operations."

Commodity Accounting: Greater Flexibility and Operational Control

The 2026 R2 release introduces several new capabilities that strengthen commodity management processes, reduce manual effort, and improve financial accuracy across the contract-to-settlement lifecycle.

- Support for contract terms and contract notes
- Additional discounts applied directly at the contract level
- Freight accruals by ticket freight detail
- Direct ship order enhancements
- Deferred premium calculations based on days
- Mass application of sales contracts to order lines

Together, these enhancements give agribusinesses more control over contracts, freight, premiums, and settlement activity while helping teams reduce manual work and maintain more

accurate accounting processes.

Ag Sales: Improved Customer Visibility and Audit History

The 2026 R2 release adds new Ag Sales capabilities that simplify customer account management and provide greater visibility into customer activity.

- New customer statements with detailed invoice, payment, credit, return, and prepayment activity
- Enhanced prepayment settlement history tracking

These updates help organizations better manage customer relationships while improving visibility into prepayment activity and account balances.

Equity & Patronage: Enhanced Member Engagement and Administration

For Equity & Patronage users, the 2026 R2 release adds new tools that improve member administration, strengthen governance, and support more effective member communications.

- New read-only security roles
- Member campaign and mass mailing capabilities
- Support for Base Capital programs

These enhancements help cooperatives streamline equity and patronage management while supporting stronger member engagement and long-term program administration.

About Levridge

Levridge Inc. is a premier ag-tech company delivering transformative accounting and business solutions tailored to the agricultural industry.
