

OnPage Selected in Constellation ShortList™ for Healthcare Clinical Communication for Third Consecutive Year

Recognition highlights OnPage's continued leadership in HIPAA-compliant clinical communication, critical alerting and automated healthcare workflows

WALTHAM, MA, UNITED STATES, September 9, 2026 /EINPresswire.com/ -- [OnPage Corporation](#), a provider of an advanced, secure critical communication and collaboration platform that ensures urgent alerts are never missed, today announced its inclusion in the Constellation ShortList™ for Healthcare Clinical Communication for Q3 2026 for the third consecutive year. The recognition reflects OnPage's role in helping healthcare organizations modernize clinical communication, streamline critical workflows and improve care team coordination.

OnPage is selected for the Constellation ShortList™ for Healthcare Clinical Communication for the third consecutive year, recognizing its secure clinical communication, critical alerting and automated healthcare workflow capabilities.

"Healthcare teams need more than secure messaging. They need confidence that critical information will reach the right clinician, be acknowledged and prompt action when every second matters," said Judit Sharon, founder and CEO of OnPage. "Being named to the Constellation ShortList for a third consecutive year reinforces our commitment to helping healthcare organizations break down communication silos, automate time-sensitive workflows and give care teams the tools they need to coordinate care effectively."

OnPage's unified clinical communication and collaboration platform helps healthcare organizations break down fragmented, siloed communication and ensure critical events rise above everyday notification clutter. The platform brings together [HIPAA-compliant messaging](#), persistent mobile alerts that can override silent mode, native on-call scheduling, role- and team-based alerting, configurable escalation policies, direct patient-provider communication and integrations with healthcare system in one solution. OnPage also integrates with EHRs, nurse call systems, remote patient monitoring solutions and other clinical technologies, helping ensure critical information is routed to the right care team member when action is required.

Healthcare teams need more than secure messaging. They need confidence that critical information will reach the right clinician, be acknowledged and prompt action when every second matters..."

Judit Sharon, CEO of OnPage

Constellation Research forecasts that the clinical communication market will reach \$5.9 billion by 2031, with a compound annual growth rate of 10.3%. The report notes that health systems and hospitals are making significant enterprise-wide investments in next-generation clinical communication platforms as they move toward more patient-centered care models. Constellation evaluates solutions based on criteria including secure mobile platforms, alert notification, secure text and voice communication, real-time location systems, nurse call integration, unified communications integration, healthcare system integration capabilities and EHR

integration.

"The push for business transformation via digital and AI has never been greater," said R "Ray" Wang, CEO and founder at Constellation Research. "In the Age of AI, organizations seek to achieve exponential efficiency with their technology investments. The ShortList provides a jump start in their transformation journey."

Constellation Research advises leaders on leveraging disruptive technologies to achieve business model transformation and streamline business processes. Products and services named to the Constellation ShortList meet the threshold criteria for this category as determined through client inquiries, partner conversations, customer references, vendor selection projects, market share and internal research. The portfolio is updated at least once per year as the analyst team deems necessary based on market conditions.
