

SAYELA Releases 'Say My Name Slow' Across Global Streaming Platforms

The independent artist's new single centers voice, recognition and intimacy in a restrained contemporary pop presentation.

GREENSBORO, NC, UNITED STATES, September 9, 2026 /EINPresswire.com/ -- SAYELA has released "[Say My Name Slow](#)" across global streaming platforms, introducing a contemporary pop single built around voice, recognition and the emotional weight carried by a name.

SAYELA releases "Say My Name Slow" across global streaming platforms.

The song uses an intimate title phrase as its central image. Rather than treating a name as a simple identifier, "Say My Name Slow" frames it as an act of attention: a request to pause, listen and acknowledge the person behind the word.

“

The song treats a name as more than a word; it becomes a moment of recognition, attention and emotional closeness.”

Maurice Kamgaing, Project Representative

The release is part of SAYELA's opening catalog, which also includes "My Rhythm Knows Your Name" and "No Language." Within that group, "Say My Name Slow" provides the clearest introduction to the artist's restrained vocal presentation and atmosphere-led storytelling.

"The song treats a name as more than a word; it becomes a moment of recognition, attention and emotional closeness," said Maurice Kamgaing, project representative. "The production and visual direction were shaped to

preserve that sense of focus."

Campaign imagery for the single uses burgundy, midnight blue and close performance details. A hand, microphone and flowing fabric create a tactile visual language without prescribing a complete narrative. The resulting image is designed for editorial use, streaming discovery and social presentation.

The release campaign prioritizes direct listening access and clear identification for journalists, playlist editors and new audiences. Its United States and France distribution focus reflects two important markets for international pop discovery while supporting wider access through global streaming.

“Say My Name Slow” also establishes themes that continue across SAYELA’s current catalog. “My Rhythm Knows Your Name” connects identity with movement, while “No Language” explores communication beyond words. Each title stands independently, but the three songs share an interest in the signals people use to recognize and understand one another.

The single is available through the official Say My Name Slow track page at <https://open.spotify.com/track/7HEl6wxd61qqkQdMKz7cN>. SAYELA’s artist profile provides access to the complete current catalog.

About SAYELA

SAYELA is an independent recording artist presenting contemporary songs built around voice, atmosphere and emotional storytelling. The artist’s current releases include “Say My Name Slow,” “My Rhythm Knows Your Name” and “No Language” on global streaming platforms.
