

Discount Custom Cabinets Launches Haven Harbor and Haven Ridge, Two New Transitional Shaker Kitchen Lines

Painted and stained companion styles from the Cabinet Depot Collection bring soft-close, full-overlay cabinetry to 10x10 kitchens starting under \$3,000

NORTH CANTON, OH, UNITED STATES, September 9, 2026 /EINPresswire.com/

-- [Discount Custom Cabinets](#), the family-owned factory-direct cabinet retailer serving homeowners and contractors nationwide, today announced the launch of two new cabinet styles: [Haven Harbor](#) and [Haven Ridge](#). Both join the company's Cabinet Depot Collection and are available now at [discountcustomcabinets.com](#).

Haven Harbor Kitchen

“

Haven Harbor and Haven Ridge are the same cabinet underneath. Pick the finish you love and you get the same box construction, the same soft-close hardware, and the same top quality cabinet.”

James Corkish

The two lines share the same transitional Shaker door profile and the same construction package, and differ in finish. Haven Harbor is a painted finish; Haven Ridge is stained. Together they give homeowners a matched pair of options for the two most-requested looks in today's kitchen remodels — one bright and painted, one warm and wood-grained — without a change in build quality or hardware between them.

"Most people shopping a remodel are choosing between a painted kitchen and a stained one, and they shouldn't have to trade away construction quality to get the look they

want," said James Corkish, owner of Discount Custom Cabinets. "Haven Harbor and Haven Ridge are the same cabinet underneath. Pick the finish you love and you get the same box construction, the same soft-close hardware, and the same top quality cabinet."

Construction and specifications

Both styles are built to the same specification:

- Face frame: birch hardwood
- Door and drawer style: transitional Shaker, full overlay
- Drawer glides: full-extension, soft-close, undermount
- Door hinges: concealed, soft-close, 7-way adjustable
- Cabinet interior: natural finish

Certifications: meets or exceeds KCMA, CARB II, TSCA Title VI and E1 standards for structural integrity, finish durability and ultra-low formaldehyde emissions.

Each style is offered as a complete line — base, wall, pantry and oven, vanity, trim and molding, and range hoods — so a kitchen, a bath and a hood can all be specified in a single finish.

Pricing and availability

Both lines are sold as fixed-list 10x10 kitchen packages or as individual cabinets. The painted Haven Harbor 10x10 package starts at \$2,888.91 ready to assemble, against a comparable list price of \$7,841.34. The stained Haven Ridge 10x10 package starts at \$3,328.71 ready to assemble, against a comparable list price of \$9,035.07. On either style, the optional pre-assembly upgrade adds 20% to the package price. Every order ships ready to assemble by default; customers who prefer to skip the build can add the pre-assembly service for 20%, and cabinets arrive built, squared and ready to hang.

Orders ship curbside on a lift-gate truck nationwide, with free pickup available in Norcross, Georgia. Homeowners who aren't sure a package fits their room can submit measurements for a free design consultation, and Discount Custom Cabinets' designers will confirm the layout, adjust the cabinet list and re-price it at the same per-cabinet rates before any purchase.
