

A' Information Processing Tools and Hardware Design Awards 2026 Call for Entries Announced

A' Information Processing Tools and Hardware Design Awards 2026 celebrates advanced hardware for computing, data processing and digital infrastructure.

COMO, CO, ITALY, September 9, 2026 /EINPresswire.com/ -- Today, A' Design Award & Competition has released its call for entries to A' International Information Processing Tools and Hardware Design Awards. The A' Information Processing Tools and Hardware Design Awards are open for entries by Information Processing Tool Designers, Hardware Designers, Information Technology Companies, Computer Hardware Manufacturers, Data Analysts, System Analysts, Network Engineers, Database Administrators, Computer Scientists, Cybersecurity Experts, Computer Engineers, Software Developers, Coders, Programmers, Software Houses, Information Processing Innovation, Consultancy, Research and Development Companies worldwide. Information processing hardware and computing systems developed within the last 10 years are eligible for participation.

The A' International Information Processing Tools and Hardware Design Awards is a two-phase competition. Participation begins with a complimentary preliminary evaluation of information processing hardware and computing design projects, Information Processing Tool Designers, Hardware Designers, Information Technology Companies, Computer Hardware Manufacturers, Data Analysts, System Analysts, Network Engineers, Database Administrators, Computer Scientists, Cybersecurity Experts, Computer Engineers, Software Developers, Coders, Programmers, Software Houses, Information Processing Innovation, Consultancy, Research and

Development Companies can register at A' Design Awards to submit a work for the Information Processing Awards, and get a preliminary score for their entries. Projects that pass the preliminaries can proceed with nomination, however it shall be noted in advance that there is a nominal fee for nominating entries for Information Processing Awards consideration.

The A' International Information Processing Tools and Hardware Design Awards recognize excellence in hardware and physical tools designed to process, store, manage and transmit information. From servers, workstations and processors to data storage systems, networking hardware, input devices, output devices and high-performance computing systems, the competition celebrates technologies that improve computing capability, reliability, efficiency and usability. Entries are evaluated anonymously by an international jury of more than 300 experts, including computer engineers, hardware designers, computer scientists, network specialists, information technology professionals and industrial designers, ensuring recognition is based on performance, functionality, efficiency, usability, reliability, technical innovation and design excellence.

Information Processing Awards Timeline & Eligibility

Deadline for entries to A' Information Processing Tools and Hardware Design Awards is on September 30, 2026. Results of the A' Information Processing Tools and Hardware Design Awards will be announced on May 1, 2027. Professional-edition laureates of the A' Information Processing Tools and Hardware Design Awards will be granted the highly coveted A' Design Prize which contains a series of PR, marketing and publicity tools to celebrate the status of winning the Information Processing Awards.

Eligible entries include servers, workstations, processors, data storage devices, networking hardware, input devices, output devices and high-performance computing systems to A' Information Processing Tools and Hardware Design Awards : Servers, Workstations, Data Storage Devices, Networking Hardware, Processors, Input Devices, Output Devices, Supercomputers and More. Information Processing Awards Sub-categories and their descriptions are available at <https://competition.adesignaward.com/category/127>

Award for Good Information Processing Design

The A' Design Prize for A' Information Processing Tools and Hardware Design Awards includes: Design Excellence Certificate, Lifetime license to use the A' Information Processing Tools and Hardware Design Awards Winner Logo, Yearbook of Best Designs, Exhibitions of Awarded Works in Italy, Exclusive Design Award Trophy, Exclusive Invitation to Take Part in the A' Design Awards' Gala-Night – La Notte Premio A', Translation of Awarded Works into Foreign Languages, Entry to Prime Clubs, as well as inclusion in World Design Rankings, [Designer](#) Rankings, Information Processing Design Classifications and Design Legends platforms.

In addition, eligible laureates of the A' International Information Processing Tools and Hardware Design Awards will also get an exclusive interview which will be published at Designer Interviews website as well as included in the Press Kits. Award winners will also get a press release

prepared to announce their victory. For the winners of A' Information Processing Tools and Hardware Design Awards , a very inclusive press kit will be prepared which contains the exclusive interview with the designer, the press release for award announcement in addition to design images, photographs of the designer, logo of the designer and the client, dozens of high-resolution photos and images for added exposure including a portfolio that contains previews of other designs projects by the designer.

The Press Kits prepared for the winners of the A' International Information Processing Tools and Hardware Design Awards will be distributed to thousands of press members who have gained press accreditation from A' Design Awards. Furthermore there are already dozens of press partners who have confirmed in advance to publish a selection of the best projects among award winners. Both the Press Kit preparation and distribution service as well as the A' Design Prize are given free of charge to the Information Processing Awards laureates as a gift to celebrate their success of winning the A' Information Processing Tools and Hardware Design Awards.

[Information Processing Design Awards](#) Entry & Winners

Press Members, hardware designers, computer engineers, IT professionals, technology companies, system specialists and design enthusiasts are invited to visit

About A' Design Awards

The A' Design Award & Competition recognizes outstanding achievements in information processing tools and hardware design across numerous creative disciplines. By celebrating hardware that enables efficient computing, data processing, storage and digital infrastructure, the competition encourages designers, engineers and technology companies to develop more capable, reliable and user-centered information processing systems. Through international recognition, media exposure and extensive promotional opportunities, the A' Design Awards help hardware manufacturers, technology companies, computer engineers and product designers showcase their achievements to a worldwide audience while advancing excellence in computing and information processing hardware design.
