

Fired, Evicted, and Living in His Car: A Cruel Alt-Right Reporter Meets the World He Once Reviled and Denigrated

Pavane Ravel's 5-star novel series follows a young man who loses everything and now must deal with a tragic life he once mocked for a living.

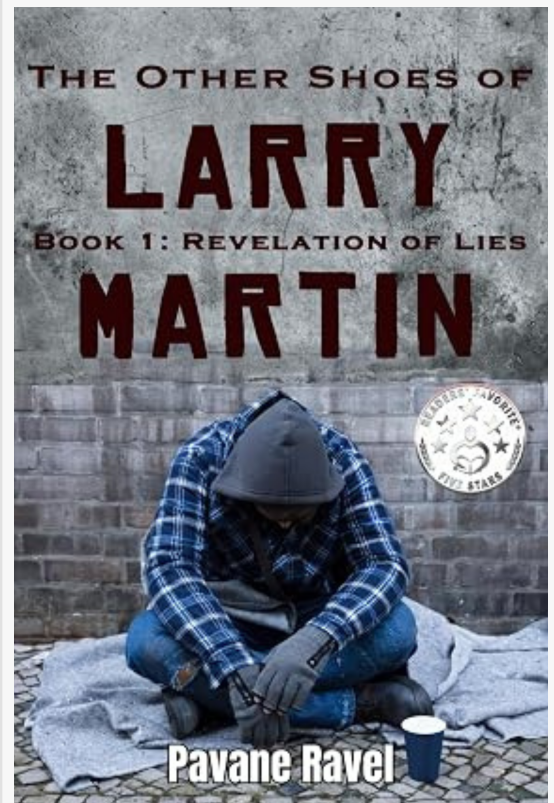

ATLANTA, GA, UNITED STATES, September 10, 2026 /EINPresswire.com/ -- Larry Martin built a journalism career on contempt of the poor and homeless ... until he became homeless himself.

"The Other Shoes of Larry Martin: Book One: Revelation of Lies" opens the March 2026 relaunch of Pavane Ravel's Larry Martin Series with a 5-star review from Readers' Favorite.

Larry is twenty-three, broke and bitter, the product of an extreme-right father who raised him on grievance and hatred. He grinds out hit pieces for The Bart Data Report, an alt-right blog run by his boss, Ellison Bart, because cruelty is easy and it pays. He is not a nice man, and Ravel doesn't pretend otherwise. Then a missed deadline gets him fired and an eviction dumps his belongings on the pavement. Now, Larry is living in his car with about a hundred dollars to his name. What follows is his survival in parking lots, make-shift camps in a small Atlanta area town, and his personal suffering of hunger, cold, desperation and shame.

Larry Martin's last desperate hope starts with a phone call. Larry reaches out to Peter Bennett, a former acquaintance who now runs a serious, left-leaning newsroom. Larry pleads for an opportunity for a real job. Peter gives Larry one shot: write something worth publishing. To do it, Larry must set his ingrained conservative beliefs aside and open his mind to an entire new universe of progressive thinking. For Larry, this begins the mind-bending struggle of mental growth.

Ravel creates a work of fiction told from a frankly progressive point of view. A close-up study of

contemporary America and a broken a man unlearning the destructive politics he inherited and the life changing impact his personal journey has on everyone around him and ultimately, the world at large.

As she puts it, "It's easy to be smug about our lives. It's easy to hurt others when it doesn't affect you ... until it does. Only then do perspectives change. Perhaps these perspectives are not welcome but neither can they be avoided. Once you walk in another person's shoes, you can never be the same."

PRAISE FOR "THE OTHER SHOES OF LARRY MARTIN"

The early verdict is enthusiastic. One reviewer calls it:

"a searing literary novel that leans heavily into a moral reckoning in contemporary America" and singles out "a flawed protagonist that you cannot help but root for." It closes on a story "grounded in an America that few experience and is absolutely worth the time commitment. Very highly recommended."

— Asher Syed, Readers' Favorite (5 stars)

"The Other Shoes of Larry Martin: Revelation of Lies" is Book One of a planned seven-book series, with the next four titles already out. It's a strong entry point for readers who enjoy literary fiction with something to learn and gain by it.
