

Mitchell Kohl Named to National Trial Lawyers Top 40 Under 40 in Nebraska

The Rensch & Rensch Law attorney earns the civil plaintiff honor in a second state, having previously been selected in Colorado.

OMAHA, NE, UNITED STATES, September 10, 2026 /EINPresswire.com/ -- [Mitchell Kohl](#), J.D., M.D., a trial attorney at Rensch & Rensch Law, has been named to The National Trial Lawyers Top 40 Under 40 in the civil plaintiff category for Nebraska. It is the second state in which Dr. Kohl has received the designation, following an earlier selection in Colorado, where he practiced before returning to his home state.

The National Trial Lawyers extends Top 40 Under 40 membership to a limited number of attorneys in each state, selected through a multi-phase process that combines peer nominations with third-party research. Invitees are evaluated on trial results, leadership, reputation, and professional stature as attorneys under the age of 40, measured against uniformly applied standards. Selection in two states is uncommon and reflects qualifying practice in each.

For injured clients, the recognition points to the kind of case the firm handles most: contested personal injury claims that go to trial. Dr. Kohl's practice centers on crash cases. He represents clients as an [Omaha car accident lawyer](#) and an [Omaha truck accident lawyer](#), and he also handles workers' compensation matters. Because he also holds a medical degree, the firm says he is able to read the medical records and imaging that decide most injury claims and to press causation and damages questions that insurers routinely dispute.

The firm notes that it works its cases as a team. A client represented by any of its attorneys, including Dick Rensch, Sean P. Rensch, and Chase Murphy, still has Dr. Kohl's medical training available to the case, so the benefit of a lawyer who is also a doctor is not limited to the clients he personally signs.

Dr. Kohl works as a car accident lawyer in Omaha, Nebraska, handling collision injury claims including whiplash, disc herniation, concussion, and traumatic brain injury. He works as a truck accident lawyer in Omaha, Nebraska, handling catastrophic injury claims against commercial carriers. He also represents clients in Nebraska workers' compensation matters.
