Ukrainian Ambassador Recognizes International Medical Relief for Continued Service to Ukrainians in Poland

IMR's 97th Ukraine relief mission continues more than four years of humanitarian assistance and steadfast support for displaced Ukrainian families

International Medical Relief

WARSAW, POLAND, September 10, 2026 /EINPresswire.com/ -- Vasyl Bodnar, Ambassador Extraordinary and Plenipotentiary of Ukraine to the Republic of Poland, visited IMR in Warsaw to recognize International Medical Relief (IMR) for its continued humanitarian assistance to Ukrainians living in Poland.

During the visit, Ambassador Bodnar met with IMR volunteers and translators and presented certificates of appreciation recognizing their service to the Ukrainian people.

"This day is a reminder of humanity, solidarity and mutual support—especially when it is needed most," said Ambassador Bodnar.

For more than four years, IMR volunteers have continued to serve Ukrainians displaced by Russia's invasion. Working alongside translators and community partners, IMR volunteers provide guidance, care, hope, and free gifts to aid their ongoing needs.

In addition to the care, IMR teams distribute essential education supplies, reading glasses, hygiene products and other critically needed supplies. Children visiting the clinics also receive toys and comfort items brought by IMR volunteers.

Ambassador Bodnar also expressed special gratitude to

Archpriest Serhii Sirenko, Head of the Chaplaincy Mission of the Orthodox Church of Ukraine in Warsaw, for providing spiritual care and steadfast support to Ukrainians and for his tireless work to preserve the spiritual and national identity of the Ukrainian community.

The current deployment marks IMR's 97th Ukraine relief mission. It has been 1,658 days since the war began on February 24, 2022, and International Medical Relief has remained steadfast in its commitment to serve the Ukrainian people from the beginning.

"Through uncertainty, displacement and ongoing hardship, our mission has not wavered. We continue to show up with compassion, consistency and unwavering support—because healing does not stop when the headlines fade." states Shauna King, President and Founder of International Medical Relief.

The continued support of Ukrainians in Poland brings together professionals, translators, leaders, volunteers and community organizations around a shared purpose. Each person can become a source of strength for another when help is needed most.

International Medical Relief

International Medical Relief

International Medical Relief extends its gratitude to everyone who continues to support Ukrainians around the world, stand beside families experiencing difficult circumstances and create greater compassion and solidarity through their actions.

Ninety-seven missions. More than four years. One promise that remains unchanged: IMR will continue to stand with the people of Ukraine.

About International Medical Relief

International Medical Relief is a U.S.-based 501(c)(3) nonprofit organization that provides medical care, health education, medicines and humanitarian assistance to vulnerable and underserved communities worldwide. Since 2002, IMR has deployed medical teams to more than 96 countries, bringing lifesaving healthcare and hope to communities affected by poverty, disaster, displacement and conflict.
