MIDISEM LAUNCHES IN THE USA — BRINGING HIGH-SPEED MEMORY & SSD PERFORMANCE TO THE NEXT GENERATION OF COMPUTING.

MIDISEM LAUNCHES IN THE USA — RANGE OF SEMICONDUCTOR MODULES AND SSD. HIGH-SPEED & PERFORMANCE. BUILT FOR THE NEW ERA OF COMPUTING FOR AI SERVERS, DATA CENTERS

WALNUT CREEK, CA, UNITED STATES, September 10, 2026 / EINPresswire.com/ -- MIDISEM, a technology manufacturer with more than 30 years of expertise in semiconductors memory and storage, today announced the launch the complete range of high-performance Memory Modules and SSD solutions in the United States, bringing a powerful new choice to consumers, gamers, system builders, professionals and high-performance computing users.

MIDISEM - Semiconductors - Intelligence, Inside Outside

MIDISEM MEMORY - DDR5 - 5600 MHz - Super Speed with Super Performance

Distributed in the United States through CEO Synergies, MIDISEM products are available through Amazon, Walmart and other leading e-commerce platforms, putting high-speed memory and storage technology directly in the hands of U.S. customers.

BUILT FOR THE NEW ERA OF COMPUTING

Computing is entering a new performance era.

Artificial Intelligence. Data Centres. Gaming. Content Creation. Professional Workstations. High-performance desktops. Powerful laptops.
Every one of these applications demands faster memory, greater capacity and high-performance storage.

MIDISEM is manufactured to answer that demand.

MIDISEM SSD FOR AI SERVERS, DESKTOPS AND LAPTOPS. 4TB - 7400MB/s

MEMORY & SSD THAT EXCEEDS PERFORMANCE & NEXT GENERATION DEMAND With a portfolio spanning DDR4 and DDR5 - 8GB | 16GB | 32GB | 64GB Memory Modules and Gen3, Gen4 and Gen5 SSDs - 480GB | 512GB | 1TB | 2TB | 4TB | 8TB, MIDISEM is positioning itself as a serious performance-focused brand for today's increasingly demanding computing environment.

Designed for compatible desktops, laptops, gaming systems, workstations and professional computing platforms, MIDISEM memory is engineered to deliver responsive multitasking and dependable performance.

For users upgrading an existing system or building a new high-performance machine, memory is no longer simply a component. It is performance.
Selected MIDISEM high-performance SSD models are designed to deliver speeds of up to 14,900 MB/s*, depending on the specific model, interface and system configuration.

HIGH QUALITY. HIGH SPEED. HIGH CAPACITY. LONG-TERM CONFIDENCE.

The U.S. launch is supported by CEO Synergies, MIDISEM's e-commerce distribution partner in the United States. Customers will be able to access MIDISEM products through: Amazon | Walmart | Other Leading E-Commerce Platforms. This distribution strategy is designed to make MIDISEM memory and SSD products readily accessible to consumers, gamers, system integrators, professionals and businesses across the United States.

“WE ARE HERE TO COMPETE ON PERFORMANCE & READY FOR THE FUTURE.”

“MIDISEM is entering the United States with a clear mission — to compete on performance, quality and reliability. The world is moving rapidly toward AI computing, data-intensive

applications and increasingly powerful digital platforms. Memory and storage are at the heart of that transformation. We intend to make MIDISEM a leading, strong and recognizable name in that market."

Customers should not have to compromise between speed, capacity and reliability. With more than 30 years of expertise and a 5-year warranty, MIDISEM is bringing a serious performance proposition to the U.S. market.
