DANIEL, WY, UNITED STATES, September 10, 2026 / EINPresswire.com/ -- The Trueness Project is delighted to announce that Wings of Purpose: How Vision and Intention Propel Success has been named a Spring 2026 Finalist in the Four Seasons Book Awards.

The recognition marks a joyful milestone for a book created to bring together powerful perspectives on purpose, vision, leadership and personal transformation.

Wings of Purpose features 21 thinkers, leaders, founders, coaches, philanthropists, entrepreneurs and other professionals whose experiences converge around the importance of living and leading with intention.

The Four Seasons Book Awards is an international book awards program open to independently and traditionally published English-language books from around the world for the North American market.

The program runs four seasonal competitions each year and evaluates submissions across factors including writing style, writing technique, reviews, cover presentation and the author's online presence.

For the team behind Wings of Purpose, becoming a Spring 2026 Finalist is a meaningful affirmation of the work invested in bringing diverse voices and experiences together in one volume.

“We are deeply grateful and genuinely excited to receive this recognition,” said M. Teresa Lawrence, President and Executive Director of The Trueness Project and curator of the masterpiece.

“Wings of Purpose was created from a belief that every person has a vision worth honoring and a purpose worth pursuing. Seeing the book recognized in this way is a beautiful encouragement to continue sharing that message with the world.”

ABOUT THE WINGS SERIES

The Trueness Project publishes collaborative books as part of its Wings Series, bringing together people from different parts of the world to share experiences, perspectives, and insights around themes of transformation, purpose and human potential.

The series is closely aligned with the annual theme of The Grand Butterfly Gathering, The Trueness Project's global peace-promoting event held every last Saturday of June.

Each year's gathering explores a distinct theme, and the corresponding Wings Series book carries that theme into a collection of stories and ideas from contributors around the world.

The first volume, The Grand Butterfly Gathering: Wings of Change for a Transformed World, captured stories of transformation from contributors across the globe. Wings of Purpose continues that journey as the second volume in the evolving series.

In 2026, The Grand Butterfly Gathering embraced the theme “Wings of Purpose,” with communities participating across more than 100 countries.

Wings of Purpose carries this year's message beyond the gathering, giving readers an opportunity to encounter the experiences and insights of 21 contributors from around the world.

The Trueness Project invites readers everywhere to discover Wings of Purpose and join the continuing journey of purpose, vision and transformation.
