which provides financial advisors with a turnkey asset management platform (TAMP) for the direct management of their clients' held-away assets in workplace retirement accounts, has been named a finalist in the [ThinkAdvisor](#) 2026 Luminaries Awards in the "Product or Service Innovation" category among RIAs with less than \$10 billion in assets under management.

“

We're honored to be named a finalist by ThinkAdvisor. Our TAMP solution makes it easier for more individuals to have professionally advised workplace retirement accounts while they are still working.”

*Brenden Gebben, CEO of
Absolute Capital*

Absolute Capital's TAMP—the [Workplace Investment Navigator \(WIN\)](#) platform — offers financial advisors a secure end-to-end solution for accessing and managing their clients' workplace retirement accounts, including 401(k)s, 403(b) and 457 accounts. WIN gives advisors access to more than 350 vetted strategist/manager models, including mutual fund and ETF models; proprietary mutual funds; equity SMAs; fixed income SMAs; BRI, target-risk and goals-based strategies; and advisor-directed UMAs/multi-strategy accounts. Advisors can manage held-away client assets and work more efficiently through the platform's fully automated billing,

trading and reporting.

“We're honored to be named a finalist by ThinkAdvisor for our innovation in this space. Our TAMP solution helps address a critical need by making it easier for more individuals to have professionally advised workplace retirement accounts while they are still working,” said Brenden Gebben, CEO of Absolute Capital. “The WIN platform addresses the pain points advisors encounter when trying to incorporate these important assets into their clients' overall financial plans. From expansive investment opportunities beyond the core menu to seamless tech stack integrations, the platform provides a scalable way for advisors to help their clients by managing the held-away accounts that traditionally receive less attention.”

Now in its sixth year, ThinkAdvisor's Luminaries Awards redefine excellence in financial services, shining a spotlight on outstanding contributions from both organizations and individuals. A panel of independent judges made up of distinguished industry professionals will select the 2026 winners, who will be recognized during an awards ceremony on Dec. 3, 2026, at the New York Hilton Midtown. This year's Luminaries Awards program received a record number of nominations.

"The 2026 Luminaries Awards continue to push the boundaries of what excellence and achievement mean in the financial services industry," said Janet Levaux, editor-in-chief of ThinkAdvisor. "This year's finalists demonstrate incredible leadership and innovation, while at the same time making a positive impact on their communities and the industry at large. Their contributions exemplify the dynamic and evolving nature of our business, and we are proud to highlight the finalists' achievements as examples for others to follow."
