

Peralta Associates and Defense Announces Strategic Expansion into South Florida

Multi-State Security Provider Expands Operations Across Miami, Bal Harbour, Fort Lauderdale and Surrounding South Florida Communities

MIAMI, FL, UNITED STATES, September 11, 2026 /EINPresswire.com/ -- Peralta Associates and Defense, a rapidly growing provider of professional security and protective services, today announced the expansion of its operational footprint into South Florida, strengthening the company's

ability to provide security services to businesses, residential communities, commercial properties, critical infrastructure, retail destinations, and organizations throughout the region.

The expansion will initially focus on Miami, Miami Beach, Bal Harbour, Aventura, Coral Gables, Doral, Hollywood, Fort Lauderdale, Boca Raton, and surrounding communities throughout Miami-Dade, Broward, and Palm Beach counties.

“

Florida deserves to have security services that are reliable and professional. Peralta Associates and Defense works hard to ensure every client receives the best service possible.”

Cindy Escobar

Founded in 2015, Peralta Associates and Defense has developed a multi-state security operation supporting government facilities, military installations, data centers, industrial facilities, commercial properties, and other complex security environments. Company materials identify more than 300 vetted and trained security professionals and operations or corporate registrations

across numerous states.

"South Florida represents an important next step in the continued growth of Peralta Associates and Defense," said Eddie Peralta, Founder and Chief Executive Officer. "Miami and the surrounding communities are experiencing tremendous commercial and residential growth, and that growth creates an increasing need for professional, accountable and technology-supported

Security Services Bal Harbour

security services. Our objective is to bring the same operational standards we have developed in California and other markets to clients throughout South Florida."

The South Florida expansion will allow Peralta Associates and Defense to pursue opportunities across several sectors, including luxury retail and hospitality, high-rise residential communities, commercial real estate, construction, healthcare, critical infrastructure, corporate facilities, events, and executive protection.

A central component of the company's operating model is its OVERWATCH Security Operations Command Center, which provides centralized operational oversight, officer accountability, GPS and patrol monitoring, incident escalation support, and communication with field personnel. The company also utilizes its FIRST Alert intelligence capabilities to strengthen situational awareness and provide additional support to security operations.

A Strategic Focus on Miami and the South Florida Market

Peralta Associates and Defense views South Florida as a particularly important market because of its concentration of international businesses, luxury residential communities, high-value retail destinations, tourism, major events, transportation infrastructure, and rapidly expanding commercial development.

The company's expansion strategy will place particular emphasis on the greater Miami metropolitan area, including communities such as Bal Harbour where the combination of luxury retail, hospitality, residential development, and international visitors creates specialized security requirements.

"We aren't entering South Florida simply to add another location to a map," Peralta added. "We intend to establish a meaningful operational presence here, build relationships within the community, hire and develop local security professionals, and become a long-term security partner for organizations throughout the region."

The expansion also reflects the company's broader strategy of developing a security organization capable of supporting clients across multiple markets while maintaining centralized standards for recruitment, training, supervision, technology, and operational accountability.

About Peralta Associates and Defense

Peralta Associates and Defense is a professional security and protective services company headquartered in Whittier, California, providing security services for government, military, critical infrastructure, commercial, industrial, educational, retail, and other organizations. The company combines professionally trained security personnel with centralized command oversight, technology-supported accountability, and structured training programs designed to provide dependable security operations across complex environments.

The company is registered to conduct business across multiple states and identifies Florida among the jurisdictions in which it maintains security licensing.
