

FREESTYLE DIGITAL MEDIA RELEASES SCI-FI THRILLER "AFTER IMPACT"

Sci-Fi Adventure Thriller Feature Sets Digital Debut on North American VOD Platforms Starting on September 15, 2026

LOS ANGELES, CA, UNITED STATES, September 15, 2026 /EINPresswire.com/ -- Freestyle Digital Media, the digital film distribution division of Byron Allen's Allen Media Group, has just released

the sci-fi survival thriller feature AFTER IMPACT -- now available on North American digital HD internet, DVD, cable, and satellite platforms starting on September 15, 2026.

“

AFTER IMPACT is really a story about loneliness and growing up. It's about becoming strong enough to carry your own pain without unintentionally dragging the people around you down with it.”

Filmmaker Michiel Rensen

AFTER IMPACT tells the story of Ethan Nichols, who inherits one of the largest greenhouses in the country from his recently deceased father just as the world faces a devastating threat from an approaching asteroid. As society begins to unravel, Ethan grapples with personal betrayal, overwhelming loneliness, and the growing fear that survival may come at the cost of his humanity. Seeking

refuge in his family's bunker, Ethan endures the harsh aftermath of the impact, wrestling with physical injury and emotional despair. When a faint voice crackles over his radio, Ethan discovers he is not as alone as he believed.

Written directed and produced by Michiel Rensen, AFTER IMPACT features actors including: Michiel Rensen ('Ethan'), Maxie Ouyang ('Jessie'), Will Clague ('Connor'), Riki Antonievich ('Jack'), and Lee-Ann Dirks ('Sophie')

"AFTER IMPACT is really a story about loneliness and growing up. It's about becoming strong enough to carry your own pain without unintentionally dragging the people around you down with it," said filmmaker Michiel Rensen. "We just disguised that story as a disaster movie and push the character to the point where he must change or be killed."

Freestyle Digital Media negotiated a deal to acquire AFTER IMPACT directly with the filmmakers and Zac Reeder of Lucky 27 Media.
