ATMOSPHERE CORE ANNOUNCES ITS 10TH MALDIVIAN RESORT, ONE BANYAN AMARAA FARU AN ATMOSPHERE HOTEL

The independent 118-villa island retreat blends contemporary indulgence with captivating lagoons and curated culinary, wellness, and adventure experiences.

ONE BANYAN Amaraa Faru An Atmosphere Hotel, Maldives

MALE', MALDIVES, September 14, 2026 /EINPresswire.com/ -- Maldives, 14th September 2026 – Atmosphere Core, a leading hospitality company with roots in the Maldives, announces the signing of its 10th resort in the archipelago nation, ONE BANYAN Amaraa Faru An Atmosphere Hotel, Maldives, set to open in March 2027. Housed within the Atmosphere Hotels & Resorts brand, the property will be positioned under the 'An Atmosphere Hotel' sub-brand and will be the first resort in the ONE BANYAN series of co-branded island resorts in the Maldives bringing a distinctive and independent character to the portfolio.

Commenting on the announcement, Salil Panigrahi, Co-Founder and Managing Director of Atmosphere Core, said, "As demand for the Maldives continues to grow and diversify, we are seeing travellers seek stays that are luxurious yet tailored to their individual needs, and purchasing decisions increasingly shaped by the quality of experiences rather than amenities and services alone. With Amaraa Faru, we bring our brand ethos of 'A New Experience Awaits' to life, while also responding to this evolving demand. At this resort, guests can look forward to a lavish yet

grounded sophistication inspired by the natural rhythm, culture and people of the islands."

ONE BANYAN is conceived as a unique co-branded concept within Atmosphere Hotels & Resorts, designed to bring together individual resort identities while allowing each property to retain its own character. The name Amaraa Faru brings together two cultural references with 'amaraa' inspired by the Sanskrit word associated with eternity or immortality, while 'faru' means reef in Dhivehi, evoking a connection with marine life and the ocean.

The first of the series, ONE BANYAN Amaraa Faru, will offer freedom and flexibility rather than overly formal luxury. As 'An Atmosphere Hotel' sub brand, it is shaped by the spirit of its place, with a distinctive story, rhythm and sense of belonging. The concept is designed for today's free-spirited explorer, responding to a growing desire for experiences that feel inspiring and have a lasting impact.

An Authentically Maldivian Setting

Promising enriching, immersive and authentic moments, ONE BANYAN Amaraa Faru will become the 9th resort worldwide within the Atmosphere Hotels & Resorts brand. It is in Kaafu Atoll, accessible via a 45-minute speedboat transfer from Velana International Airport. Framed by wide, luminous lagoons in layered shades of blue and green, the island lends itself to unhurried days by the water. Guests will have the privilege of an indulgent Holiday Plan, a signature of the Atmosphere Hotels & Resorts brand, encompassing dining, wellness, snorkelling

and other tropical activities, all tailored to meet the most discerning expectations.

A Distinctive, Contemporary & Nature-Inspired Aesthetic

Aesthetics at Amaraa Faru will offer a fresh, contemporary design expression, introducing a new design language within the Atmosphere Hotels & Resorts portfolio. Rooted in the island's surrounding marine world, the design will draw inspiration from traditional palm-leaf craftsmanship, where coconut and palm fibres are woven into functional art. This traditional craft will be reinterpreted through couture elegance, with natural materials, locally influenced textures, Art Deco touches and eco-conscious finishes layered into a soothing palette of crème and soft greens.

Guests will choose from 118 beach and overwater villas, ranging from 100 m^2 standard beach villas to 164 m^2 family beach villas and 117 m^2 overwater villas, each with a private pool. Fluid indoor and outdoor spaces will create effortlessly stylish retreats, inviting guests to immerse themselves in the island's natural rhythm.

An all-day dining restaurant will anchor the culinary offering, complemented by a relaxed main pool bar and three speciality restaurants offering diverse culinary experiences, ranging from vibrant Argentinian cuisine to a charming overwater Japanese dining experience.

Additional facilities will include a sprawling kids' club, an ocean-view gym and fitness centre, a dive and water sports centre, and a promenade-style retail space. A spa and wellness centre by the company's award-winning brand, ELE|NA Ayur, with overwater treatment rooms, a 40 m^2 saltwater pool, and sauna and steam facilities will round out the resort's facilities.

Contemporary & Intuitively Innovative Experience

Technology will be seamlessly integrated throughout the guest journey. At its heart, the resort will foster a service culture that is smart, original and elevated. Resulting in a relaxed and elegant environment — modern in spirit yet grounded in the warmth and hospitality for which the brand is known.

Amaraa Faru will also incorporate solar energy solutions, water conservation systems, and a no-plastics approach, including in-house glass water bottling, aligning with Atmosphere Core's broader commitment to sustainability.

A New Chapter for Atmosphere Core

Founded in 2013, Atmosphere Core has built a strong presence in the Maldives with nine operational resorts across three brands and two developments in the pipeline, including ONE BANYAN Amaraa Faru An Atmosphere Hotel. The company's international journey continues with a heritage hotel now open in India and Italy, along with plans for over 20 upcoming properties

across Europe and South Asia.
