Partner

Runi Enterprises Inc the company behind the World's 1st AI Powered Consulting Platform ShivHit.ai is now an Open AI Partner

“

Runi Enterprises' OpenAI Select Partner recognition strengthens Runi's mission to help organizations turn AI investments into measurable value through enterprise transformation, intelligent agents.”

Nikhilesh KVD

The OpenAI Partner Network is a global program for partners to build, sell, and deliver AI solutions with OpenAI. It brings together partners with deep industry expertise, delivery capabilities, and customer relationships while equipping them with resources, enablement, and support to help enterprises adopt OpenAI frontier models and products and turn them into measurable impact.

As an OpenAI Select Partner, Runi Enterprises Inc. will continue working with OpenAI to help organizations build, deploy, and scale AI solutions responsibly and effectively. This work will help organizations get more useful work

from every token and stronger performance per dollar with GPT-5.6, while using ChatGPT Work to turn ambitious goals into finished work.. Runi specializes in helping enterprises rapidly identify, prioritize, and scale high-value AI use cases across business functions while maintaining a strong focus on governance, adoption, and business value realization.

"Being recognized as an OpenAI Select Partner is a significant milestone for Runi Enterprises and reinforces our mission to help organizations move beyond AI experimentation and into

enterprise-wide transformation," said Nikhilesh KVD, CEO of Runi Enterprises Inc.

"Organizations globally are seeking practical ways to convert AI investments into measurable business value. By combining OpenAI's industry-leading models with our deep transformation expertise, we help clients reimagine how work gets done, empower employees with intelligent AI agents, and achieve breakthrough improvements in productivity, efficiency, and decision-making. We are excited to accelerate the next generation of AI-native enterprises."

Runi Enterprises Inc. supports organizations globally across the Manufacturing, Hospitality, Financial Services & Insurance, Consumer Packaged Goods (CPG), and Healthcare industries. The company delivers end-to-end transformation services across Finance & Accounting, Supply Chain, Information Technology, Operations, Change Management, and Project Management, helping businesses modernize processes and embed AI at scale.

The firm's work includes developing and deploying enterprise AI agents that deliver measurable outcomes, including:

- AI-Powered Reporting Agent that eliminated over \$30,000 in annual reporting costs while strengthening financial controllership and operational visibility.
- AI SOP Creation Agent that automated the generation of Standard Operating Procedures, reducing manual effort and delivering more than \$100,000 in cost savings.
- AI Project Status Analysis & Reporting Agent that eliminated approximately \$50,000 in costs while improving project governance, reporting quality, and timeline adherence.
- Voice AI Agent for appointment scheduling and customer engagement, improving responsiveness and operational efficiency.
- Development of ShivHit.ai, recognized as the world's first AI-powered consulting platform, enabling organizations to access consulting-grade guidance, transformation insights, and AI-driven decision support at unprecedented speed and scale.

Looking ahead, Runi Enterprises Inc. plans to expand its portfolio of OpenAI-related industry specific AI agents, invest in advanced AI enablement and talent development, accelerate enterprise AI transformation programs, and develop new solutions powered by OpenAI technologies. Through these initiatives, the company will continue helping organizations translate AI ambition into measurable business outcomes and sustainable competitive advantage.

About Runi Enterprises Inc.
