Express Asphalt Solutions Launches ExpressPotholeRepair.com, an Emergency Pothole self Booking Platform in Florida

Florida property managers can now book same-week commercial pothole repair online in under two minutes, with instant pricing and no field visits required.

NEW PORT RICHEY, FL, UNITED STATES, September 14, 2026 / EINPresswire.com/ -- Express Asphalt Solutions (EAS), a Florida-based commercial paving and parking-lot maintenance company, today announced the launch of Express Pothole Repair, a dedicated online booking platform that allows commercial property managers to quote and schedule same-week even same-day emergency pothole repair without a field visit or callback delay.

Available at expresspotholerepair.com, the platform gives property managers, facility directors, HOA boards, and commercial-property owners a self-service path from problem to scheduled repair in under two minutes. Users select their repair scope, receive instant transparent pricing, and reserve a same-week or same-day depending on situations, service window. Payment authorization is handled at booking through their secure online portal and crews are dispatched from EAS's Tampa Bay operations base.

The service covers commercial properties across Pasco, Pinellas, and Hillsborough counties, with

expansion into additional Florida markets planned throughout 2026 and 2027.

"Property managers should not have to file a request and wait a week for a callback when a pothole is a liability sitting in their lot," said Phil Bocook, CEO of Express Asphalt Solutions. "We built a booking system that works the way our customers already do. If you can book a hotel online, you can now book a professional pothole repair the same way, with real pricing, a real crew, and a real service window."

The launch addresses a common pain point for multi-site property management operations. Traditional commercial paving procurement can require field visits, verbal quotes, back-and-forth scheduling, and multi-week lead times, even when the repair itself takes an afternoon. For time-sensitive hazards such as failed asphalt around handicap-accessible parking, high-traffic drive lanes, or dumpster approaches, that delay creates liability exposure and tenant complaints. Express Pothole Repair collapses the process to a single online transaction.

The platform offers hot-mix asphalt repair for permanent fixes and quick cold-patch service for wet-weather, off-season, or interim situations, with the appropriate method matched to each property's conditions.

Express Pothole Repair is operated by Express Asphalt Solutions, which has completed more than $2 million in commercial parking-lot renovation work across three HCA Healthcare hospital properties in the past year and serves as a preferred paving partner for Better Buzz Coffee's Florida expansion. The company brings that same commercial project discipline to smaller-scope emergency work through the new booking platform.

Property managers can book a repair, review pricing, or see before-and-after project photos at Express Pothole Repair. Emergency service inquiries can also be placed by phone at (727) 293-4431.

About Express Asphalt Solutions
Express Asphalt Solutions is a Florida-based commercial asphalt paving and parking-lot maintenance company serving Tampa Bay, Orlando, and communities statewide. The company provides asphalt paving, resurfacing, sealcoating, parking-lot striping, and pavement-maintenance services for retail centers, restaurants, office parks, multifamily communities, healthcare facilities, and industrial properties. Express Pothole Repair is EAS's dedicated same-

week emergency repair platform for commercial properties.
