Matlin Injury Law Opens Applications for $5,000 Second Chance Scholarship

Matlin Injury Firm invites college and graduate students affected by traumatic car accidents to apply for a $5,000 scholarship through October 31, 2026.

LITTLETON, CO, UNITED STATES, September 14, 2026 /EINPresswire.com/ -- Matlin Injury Law is accepting applications for its $5,000 Second Chance Scholarship, an annual award for accredited college and graduate students whose academic paths were reshaped by a traumatic car accident. The firm is accepting submissions now through October 31, 2026, and will award the funds directly to the recipient's school. The application is open to students nationwide, regardless of where the qualifying accident occurred or where the applicant currently attends school.

The scholarship recognizes students who turned a personal setback into academic progress. To qualify, applicants must be enrolled at an accredited college, university, or graduate school, maintain good academic standing, and be a U.S. citizen or otherwise authorized to work or attend school in the United States. Each applicant submits a one- to two-minute video describing how a traumatic car accident influenced their life and shaped their plans for the future, along with a completed application form. Matlin Injury Law, a Littleton-based personal injury firm serving the entire Colorado Front Range, established the award to support students who continued their education after a serious motor vehicle collision.
A scholarship committee at the firm reviews each submission and selects the recipient based on the strength of the applicant's story rather than production quality or editing skill. Matlin Injury Law states that age, race, religion, gender, national origin, familial status, and other protected characteristics play no role in the committee's decision. Applicants who are employees or children of employees at the firm, or who previously received the award, are not eligible to apply again. Once a recipient is chosen, Matlin Injury Law contacts the winner directly and mails the scholarship funds to their institution's financial aid office.

"This scholarship gives students the chance to turn a difficult chapter into forward momentum," said Brian Matlin, Owner and Founding Lawyer at Matlin Injury Law.

Matlin Injury Law handles a wide variety of personal injury claims such as car accident and truck accident claims for clients across Littleton, Colorado Springs, Aurora and the greater Colorado area. The firm represents individuals recovering from injuries caused by negligence, including drunk driving, hit-and-run, and uninsured-driver collisions. Students who want to apply for the

Second Chance Scholarship can review the full eligibility requirements, video guidelines, and application form on the firm's website before the October 31 deadline. Matlin Injury Law plans to announce the winner through email, a blog post, and a follow-up press release once the review process concludes. Applicants who submit late or incomplete materials, or who reuse a video from a prior year or another scholarship program, will not be considered.
