

Dr. Timothy McAuley Selected for the Lifetime Achievement Award by IAOTP

The International Association of Top Professionals (IAOTP) will honor Dr. Timothy McAuley at their Annual Awards Gala in NYC at the Plaza Hotel

NEW YORK, NY, UNITED STATES, September 15, 2026 /EINPresswire.com/ -- The International Association of Top Professionals (IAOTP), a leading global professional organization recognized for its prestigious annual [awards gala](#) and exclusive vetting process, has selected [Dr. Timothy McAuley](#), Founder and CEO of Change Environmental, to receive its Lifetime Achievement Award for his outstanding leadership, dedication, and contributions to the environmental industry.

While membership with the International Association of Top Professionals is itself a significant distinction, only a select group of professionals are chosen for the organization's highly coveted Lifetime Achievement Award. Honorees are recognized for their professional longevity, contributions to society, and lasting impact on their industries. Dr. McAuley will be honored at IAOTP's Annual Awards Gala at the iconic Plaza Hotel in New York City. www.iaotp.com/award-gala

With more than two decades of experience, Dr. McAuley has established himself as a highly respected scholar and environmental expert, recognized for his leadership in air quality, human health exposure, and risk evaluation. His expertise spans multiple scientific disciplines, and he has guided, led, and contributed to environmental consulting and research initiatives on both national and international levels. His knowledge and insight have also earned him invitations to deliver keynote presentations around the world, further establishing him as an influential voice in global environmental discourse.

Dr. McAuley's distinguished career includes numerous prestigious appointments and professional affiliations. He has served on the Transportation Research Board's Committee on Transportation and Air Quality at the National Academy of Sciences in Washington, D.C., the

American Chemical Society Committee on Environmental Initiatives, and the Scientific Advisory Board of the U.S. Environmental Protection Agency. He has also served as a peer-elected member of multiple National Academies subcommittees addressing aviation, transportation, air quality, indoor air quality, exposure assessment, and human health.

Today, Dr. McAuley continues to contribute his expertise through several prominent leadership positions. He is an elected member of the Research Committee of the Indoor Environmental Standards Organization, Vice Chair of the Technical Advisory Committee on Air and Waste Management, Vice Chair of the AB-1 Particulate Matter Committee on Air and Waste Management, and Treasurer of the International Society for Exposure Science.

Before embarking on his professional career, Dr. McAuley earned his PhD in Environmental Science and Engineering and his MS in Chemistry from Clarkson University. He also earned a BS in Biochemistry from The College of Saint Rose and completed specialized certifications in ATSDR and Risk Assessment Phase I and II Remediation. His academic foundation has provided the platform for a career defined by scientific expertise, innovation, and service.

Throughout his illustrious career, Dr. McAuley has received numerous awards and accolades and has been recognized worldwide for his accomplishments. In 2023, he was honored with IAOTP's Top Global CEO of the Year in Environmental Consulting award. In 2024, he received Top Environmental Consulting Expert of the Decade. In 2026, he was recognized as a Top Business Innovator and included in the Top 50 Fearless Leaders publication. He was also selected to receive IAOTP's Presidential Award, and most recently, he has been selected for the prestigious Lifetime Achievement Award, which he will formally receive at IAOTP's Annual Awards Gala in December.

For more than two decades, Dr. McAuley has partnered with firms and organizations around the world, providing expert guidance and technical insight on some of the most complex environmental challenges. His work combines scientific rigor with practical strategy, allowing him to develop solutions that address each client's unique needs. Through advanced environmental models and analytical methodologies, he helps identify, assess, and resolve complex technical and regulatory issues with precision and efficiency.

A forward-thinking environmental leader, Dr. McAuley remains committed to advancing the field through innovation, collaboration, and science-based decision-making. His ability to bridge technical expertise with strategic thinking has made him a trusted resource for organizations navigating an increasingly complex environmental landscape.

Looking back, Dr. McAuley attributes his success to perseverance, a strong work ethic, and the mentors who have influenced him throughout his career. Outside of his professional life, he enjoys traveling and spending time with his family. Looking ahead, he hopes to continue inspiring and influencing the next generation of environmental professionals while contributing to solutions that make a meaningful difference for communities around the world.
