BIXOLON Showcases its Range of Printing Solutions for Intralogistics and Process Management at Seamless Middle East 2026

SOUTH KOREA, September 17, 2026 /EINPresswire.com/ -- BIXOLON Co., Ltd., a global manufacturer of advanced Mobile, Label and POS printers, will join card printer manufacturer IDP Corp., Ltd. on stand #D74 at Seamless Middle East, taking place from 22 to 24 September 2026 at the Dubai World Trade Centre. The event will bring industry professionals together to share insights and explore new developments in technology.

Key exhibition product highlights will include:

• Mobile Printers

BIXOLON will present its XM7 Series, a premium mobile label printer series designed for rigorous indoor operations. Supporting media widths from 2-inch (58 mm) to 4-inch (112 mm), this series delivers reliable on-the-go performance in demanding environments. Alongside this, BIXOLON will feature the SPP-R410, a 4-inch (112 mm) mobile receipt printer for diverse ticketing and receipt requirements.

• POS & Kiosk Printers

BIXOLON will present the SRP-380plus, a 3-inch (80 mm) desktop POS printer that delivers fast and reliable receipt printing for retail applications. BIXOLON will also display the BK5-31, a 3-inch (80 mm) kiosk POS printer designed for self-service and unattended retail environments.

• Desktop Label Printers

BIXOLON's will showcase the XD5-40 Series 4-inch desktop label printers offer flexible Direct Thermal and Thermal Transfer printing, high-quality output at up to 300 dpi, and integration through support for multiple programming languages and wired or wireless connectivity. Selected models also support UHF RFID encoding and printing, while the compact clamshell design and easy-to-install removable components simplify media loading and maintenance.

“BIXOLON views Seamless Middle East 2026 as a crucial platform for connecting and sharing insights with key stakeholders in the UAE market,” says John Kim, Marketing Director, BIXOLON Global. “We are eager to introduce and demonstrate our latest innovations through direct engagement with prominent global technology leaders.”
