

D&Y Integrated Psychiatry Welcomes Andre Mueller as Administrative Coordinator

New addition supports patient communication and provider referrals for the Monrovia-based telehealth psychiatry practice

MONROVIA, CA, UNITED STATES,
September 15, 2026 /

EINPresswire.com/ -- D&Y Integrated Psychiatry has welcomed Andre Mueller as its new Administrative Coordinator, adding dedicated support for patients and referring providers at the telehealth psychiatry practice.

Mueller serves as an important point of contact for patients reaching out to D&Y's care team. In his role, he helps coordinate appointments, verify information, answer questions, and support scheduling and ongoing communication. He also assists with referrals from therapists, primary care physicians, and other healthcare providers.

Good care starts with clear communication and making sure people know what comes next.

“

Great care starts before the first appointment. Having someone dedicated to that contact helps us stay clear, responsive, and organized for patients and referring providers.”

*Denis Grigorov, PMHNP-BC,
Founder, D&Y Integrated
Psychiatry*

The addition of a dedicated Administrative Coordinator supports D&Y's focus on making the process of seeking psychiatric care straightforward and organized from the first point of contact through ongoing care. For patients and referring providers, Mueller helps ensure that questions and administrative needs are addressed promptly so the clinical team can remain focused on patient care.

“Great care starts before the first appointment,” said Denis Grigorov, PMHNP-BC, founder of D&Y Integrated Psychiatry. “Having someone dedicated to that first point

of contact helps us make the process clear, responsive, and organized for both patients and referring providers.”

With patient consent, D&Y communicates directly with referring providers and coordinates care across treatment teams. The D&Y team also handles insurance verification and patient outreach as part of its referral process.

"A referral should be easy to make. The follow-up should be prompt," said Mueller.

D&Y Integrated Psychiatry provides outpatient psychiatric care to adults across California via telehealth. The practice was founded by Denis Grigorov, PMHNP-BC, a board-certified Psychiatric Mental Health Nurse Practitioner whose background includes 10 years as a commissioned officer in the U.S. Air Force, emergency nursing in high-acuity hospital settings, and a 12-month psychiatric residency at the VA Greater Los Angeles Healthcare System.
