"Most mentors can teach technique. Jorge Moreira can teach technique and what it actually takes to build a thriving tattoo business," says Paul-Anthony Surdi of Ink Different Tattoos. "He's an award-winning artist who runs a full team, operates a studio from the ground up, and has a creative standard that pushes every apprentice to think differently about what their career can look like."

Moreira Ink is a full-team studio, led by Jorge L. Moreira. The standard here is original, bold, and always custom. No flash sheets. No templates. Pure creation, every single time. Jorge is one of Florida's most distinctive voices in neo-traditional and anime-inspired tattooing. A bilingual artist fluent in English and Spanish, he creates a welcoming environment for Spanish-speaking clients and apprentices alike, with inclusivity woven into the fabric of everything Moreira Ink does.

A College Alternative in Winter Haven

Ink Different's Tattoo Apprenticeship is designed as a structured college alternative for talented artists aspiring to become professional Tattoo Artists. Instead of taking on student debt for a four-year degree, apprentices learn the trade of tattooing with Ink Different and studios like Moreira Ink, receiving hands-on experience, one-on-one mentorship, and professional development over 18–24 months. Tattooing is an AI-proof career, driven by human creativity, craftsmanship, and personal connection. With professional Tattoo Artists earning a median income of around $106,000 per year, the apprenticeship offers a practical pathway from passion to profession.
Graduates complete the program industry-ready, with a guaranteed job offer upon successful completion and the skills needed to thrive in today's competitive tattoo industry.
