BoCo Modern Introduces BoCo Select, Fixed-Price Kitchen & Bath Remodels

Six coordinated packages per room, a phone-scan ballpark in 2 days, and a build measured in weeks instead of months across the Raleigh-Durham Triangle.

Boco Modern Design + Build

RALEIGH, NC, UNITED STATES, September 15, 2026 / EINPresswire.com/ -- BoCo Modern, a design-build remodeling firm serving the Raleigh-Durham Triangle, is offering homeowners a faster, more defined path to a new kitchen or bathroom through BoCo Select, a line of designer-curated, fixed-price remodel packages.

> You know what you want. The layout already works. What you don't want is months of selections and an open-ended budget, BoCo Select gives homeowners a real, coordinated design and a defined price."
>
> *John Simms, Co-Owner and Production Manager of BoCo Modern.*

BoCo Select is built for a specific kind of homeowner: one whose kitchen or bathroom layout already works, who doesn't want to spend months on design decisions, and who wants a clear number before committing to a project. Instead of a custom design process, homeowners choose from six fully coordinated packages per room -- cabinets or vanity, countertops, tile, lighting, fixtures and hardware, all pre-selected to work together -- across three aesthetic tiers: Classic, Signature and Elite.

Reference pricing for a standardized kitchen starts at $47,800 for the Classic Warm package and runs to $64,750 for the Elite Marble package. For a standardized primary bathroom, reference pricing starts at $34,500 for the Classic Warm package and runs to $52,800 for the Elite Amber package. BoCo Modern says the same designers, vendors and construction standards behind its custom projects apply across every BoCo Select package -- the difference is the design phase, not the quality of the build.

"" said Bryan Bowen, Founder, Co-Owner and Creative Director of BoCo Modern. ""

To get a project-specific number without scheduling a visit, homeowners can scan their kitchen

or bathroom using Rendr, an integrated scanning tool, and send a few photos. BoCo Modern returns a ballpark investment based on the homeowner's actual space within two business days. After an in-home or virtual site review, the company issues a complete written proposal -- covering total investment, what's included and the construction schedule -- within three business days, with no hourly design fees or escalating estimates.

A compact kitchen gets a bold update with teal picket tile, warm wood tones, and a peninsula built for casual dining.

Once a proposal is signed, BoCo Select projects move on a defined timeline. Kitchen packages run four to six weeks of on-site construction, with permits and material lead times typically adding four to eight weeks before work begins, depending on the municipality and cabinet availability. Bathroom packages are built on a similarly tight schedule. By comparison, a fully custom BoCo Modern design-build kitchen or bathroom -- involving layout changes, moved plumbing or a from-scratch design -- can run six months or more from first consultation to completion.

A large island anchors this warm wood, shaker-style kitchen, with a statement chandelier and open sightlines into the dining room.

BoCo Select is not intended to replace BoCo Modern's custom design-build service. Homeowners who want to move walls, relocate plumbing, change a room's footprint or design every detail from scratch are directed to the company's full custom remodeling process instead. BoCo Select is positioned specifically for homeowners who want to keep their existing layout and move faster.

BoCo Select Kitchens and BoCo Select Bathrooms are available throughout the greater Triangle region of North Carolina, including Raleigh, Durham, Cary, Apex, Chapel Hill, Wake Forest, Holly Springs, Garner, Fuquay-Varina, Knightdale and Clayton.

About BoCo Modern

BoCo Modern is a design-build home remodeling firm based in Raleigh, North Carolina, serving

the greater Triangle region. Founded by Bryan Bowen and John Simms, the company specializes in kitchen and bathroom remodels, additions, whole-home renovations and outdoor living spaces, combining in-house design and construction under a single team and contract. Its BoCo Select line offers designer-curated, fixed-price kitchen and bathroom packages for homeowners who want a faster, more defined remodeling process.
