

DPC DATA Appoints Jwalah Venkataramanan as Vice President of Product Management

Experienced product leader joins DPC DATA as the company strengthens product management across its growing portfolio.

ROSELAND, NJ, UNITED STATES, September 16, 2026 / EINPresswire.com/ -- DPC DATA (dpcdata.com), a leading provider of municipal bond data and technology solutions, today announced that [Jwalah Venkataramanan](#) has joined the company as Vice President of Product Management.

Venkataramanan brings more than 15 years of product management experience leading software and technology initiatives. Her background includes product strategy, roadmap development, client engagement, and cross-functional collaboration. She is known for her detailed, decisive approach and her ability to quickly understand business needs and translate them into practical solutions for clients.

Venkataramanan will lead product management across DPC DATA's portfolio

“

Jwalah's experience and leadership will help us continue developing our products while positioning DPC for future growth.”

Ken Hoffman, President, DPC DATA

In her new role, Venkataramanan will lead product management across [DPC DATA's portfolio](#). She will establish a unified product vision and roadmap, work closely with clients to better understand their needs, and help ensure product investments support market opportunities and DPC DATA's long-term growth plans.

She will also bring added focus and accountability to how the company evaluates, prioritizes, and executes product initiatives.

“As our product portfolio has grown, we have reached a point where additional product leadership is critical to becoming a truly product-first organization,” said Ken Hoffman,

President of DPC DATA. “Finding the right person for this role was extremely important, and I am thrilled that we found such a strong candidate. Jwalah’s experience and leadership will help us continue developing our products while positioning DPC for future growth.”

In recognition of leadership and product delivery, Venkataramanan received executive honors at S&P Global, including CEO recognition for product innovation. She has served on the board of Achieve Now and served as Chapter Lead for S&P Global’s NY/NJ Women in Technology.

Venkataramanan lives in South Brunswick, New Jersey. She earned a Bachelor of Technology in Information Technology from the University of Madras.

About DPC DATA

DPC DATA provides municipal bond disclosure, obligor, and compliance data built to support research, trading, surveillance, and regulatory workflows. For more than 30 years, the company has helped market participants work with municipal data that is structured, mapped, and ready to use.
