

Eunoia Mobility Earns Certified Autism Center™ Designation, Advancing Inclusive Journey Support Across the UAE

Eunoia Mobility Earns Certified Autism Center™ Designation, Advancing Inclusive Journey Support Across the UAE

DUBAI, UNITED ARAB EMIRATES,
September 16, 2026 /

EINPresswire.com/ -- The International Board of Credentialing and Continuing Education Standards ([IBCCES](#)) proudly announces that [Eunoia Mobility](#), a UAE-based accessibility-first mobility and journey-support company, has earned the Certified Autism Center™ (CAC) designation.

To achieve the designation, Eunoia Mobility was required to meet IBCCES training requirements, including at least 80% team completion of autism and sensory-sensitivity training and

“

Becoming a Certified Autism Center™ reinforces the standard we expect of ourselves: to listen, prepare, adapt and support each individual with understanding, patience and respect.”

*Mohamed Abuelgasim,
Founder & CEO of Eunoia
Mobility*

certification. Eunoia Mobility exceeded this requirement, achieving 100% completion among team members participating in the certification program. The training extends across frontline Mobility Champions and Care Companions, Journey Coordinators, Service Ambassadors, managers and back-office teams, reinforcing a shared standard of understanding across every stage of the journey.

As part of the certification process, IBCCES also conducted an onsite review of Eunoia Mobility's operations, providing an additional assessment of accessibility considerations and opportunities to further strengthen the overall journey experience. Eunoia Mobility supports autistic and sensory-

sensitive individuals, their families, residents and visitors across journeys connected to healthcare and therapy, education, employment, airports and travel, hotels and tourism, events,

community participation and everyday mobility.

“At Eunoia Mobility, accessibility is a core operating principle, not a specialist function. We believe every person in our organization, from frontline teams to managers, leadership and colleagues working behind the scenes, has a role in creating journeys that are safe, predictable, dignified and responsive to individual needs.

“That is why we invest deliberately in autism-informed education, continuous learning and practical, sensory-aware support across our services. Becoming a Certified Autism Center™ reinforces the standard we expect of ourselves: to listen, prepare, adapt and support each individual with understanding, patience and respect.

“As Eunoia Mobility grows, our goal is to make autism-informed and inclusive mobility part of how we operate every day, not an exception to the journey, but an expectation within it,” says Mohamed Abuelgasim, Founder & CEO of Eunoia Mobility.

For passengers with physical mobility requirements, Eunoia Mobility operates wheelchair-accessible vehicles and provides securement for mobility equipment. Coordinated journey communication and real-time trip visibility can also help authorized families, caregivers and partners remain informed throughout the journey.

“Mobility can determine whether someone feels able to access healthcare, education, employment and community life,” says Myron Pincomb, IBCCES board chairman and CEO.

“Eunoia is embedding accessibility across the complete journey, from preparation and communication to the experience inside the vehicle. We are proud to recognize Eunoia Mobility as a Certified Autism Center™ and support its commitment to making everyday movement more predictable, dignified and empowering for autistic and sensory-sensitive individuals and People of Determination.”

For 25 years, IBCCES has been a leader in providing autism, sensory, and neurodiversity training and certification for professionals worldwide, including those in healthcare, education, public safety, travel, and corporate sectors. As the only credentialing board offering these programs, IBCCES provides training from subject matter experts and autistic self-advocates, along with long-term support, continuous learning, onsite reviews, and renewal requirements to ensure continued growth and lasting impact.

To further support inclusivity efforts, Eunoia Accessible Transport LLC is now featured on the IBCCES Accessibility App, a free tool that provides individuals with disabilities real-time guidance on certified locations, sensory-friendly spaces, and tailored recommendations. By connecting users to accessible locations worldwide, the app helps individuals and families identify organizations that have completed IBCCES certification requirements.

IBCCES also provides access to resources such as [AccessibilityCertified.com](https://www.accessibilitycertified.com) and [AutismTravel.com](https://www.autismtravel.com), free online tools for families that list certified locations and professionals.

Each organization listed on the site has met IBCCES certification requirements.

About Eunoia Mobility

Eunoia Mobility, legally registered as Eunoia Accessible Transport LLC, is a UAE-based accessibility-first mobility and journey-support company helping autistic and sensory-sensitive individuals, People of Determination, families, residents and visitors travel with greater safety, dignity, confidence and independence.

The company supports journeys across healthcare, therapy, education, employment, travel, tourism, events, community participation and everyday mobility. Its services combine autism-informed and sensory-aware preparation, trained journey teams, coordinated communication, Care Companion support when arranged, and vehicles that are wheelchair accessible.

Eunoia Mobility provides non-clinical, non-emergency mobility services. Its goal is not simply to complete a trip, but to make the entire journey more predictable, respectful, inclusive and responsive to the individual.

About IBCCES

Delivering the global standard for training and certification in the fields of autism, neurodiversity, and accessibility – IBCCES provides a series of certification programs that empower professionals to be industry leaders and improve the outcomes for the individuals they serve. For 25 years, IBCCES has been a global leader, setting the industry standard in autism and cognitive differences training. IBCCES works in over 111 countries and provides training in 8 languages, and its programs have been recognized around the world as the leading benchmark in training and certification.

In addition to individual certification programs, IBCCES partners with cities, destinations, and organizations on initiatives like the Certified Autism Destination™ (CAD) and Autism Certified City™ (ACC), ensuring autistic and sensory-sensitive residents and visitors feel welcomed and safe. Destinations that achieve the CAD designation have completed a specialized program that ensures a multitude of recreation, hospitality and entertainment organizations have completed an autism and sensory-sensitivity training, certification and IBCCES facilities review process. The ACC designation expands on that program and includes IBCCES training and certification for the public safety, education, healthcare and workplace sectors.
