Effective July 1, 2026, Sayers and Lincoln Park Zoo have joined forces to strengthen the technology foundation that supports one of Chicago's most treasured institutions. As a trusted provider of cybersecurity, cloud, and IT infrastructure solutions, Sayers is committed to helping organizations build secure, connected, and resilient environments that enable exceptional experiences.

This partnership reflects a shared commitment to innovation, accessibility, and community impact. By supporting the zoo's network infrastructure, Sayers is helping create a seamless digital experience for visitors while advancing Lincoln Park Zoo's mission of conservation, education, scientific research, and world-class animal care. As the Official Network Solutions Partner, Sayers will be recognized across a variety of Lincoln Park Zoo communications and donor recognition platforms, further highlighting the collaboration between the two organizations and their mutual investment in the Chicago community.

"At Sayers, we believe technology has the power to connect people, enrich experiences, and strengthen communities," said Doug Close, Sr. Vice President – Solutions, Sayers. "Lincoln Park Zoo is an iconic institution that welcomes millions of visitors each year while making a meaningful impact through conservation, education, and animal welfare. We are proud to support their mission and help deliver reliable, secure connectivity for everyone who visits and works at the zoo."

The partnership underscores Sayers' ongoing commitment to supporting organizations that create lasting value in the communities they serve. By helping power the digital infrastructure behind one of Chicago's most beloved cultural destinations, Sayers is contributing to an enhanced experience for guests while supporting the operational excellence that enables the zoo's important work.
