Peer review means the recognition comes from the attorneys on the other side of the table and in the courtrooms where we appear, which is why it matters to us.”

Recognition in The Best Lawyers in America® is based on

the Purely Peer Review® methodology, which Best Lawyers has used for more than four decades to base recognition on the confidential evaluations of fellow attorneys rather than on marketing or paid listings. According to Best Lawyers, more than 20 million confidential evaluations are collected worldwide each year, and more than 30 million evaluations were analyzed for the 2027 edition. No fees are accepted for consideration or inclusion.

“Peer review means the recognition comes from the attorneys on the other side of the table and in the courtrooms where we appear, which is why it matters to us,” said Attorney Jason Tremont. “The credit belongs to the clients who trusted this firm with the hardest moments of their lives, and to a staff that treats every one of them like family. We are grateful for both.”

Tremont Sheldon P.C. has represented injury victims and abuse survivors throughout Connecticut for more than 65 years. The firm was founded in 1960 by T. Paul Tremont and has worked from the same historic building across from Bridgeport City Hall for more than six decades. Its attorneys handle personal injury, medical malpractice, workers’ compensation, wrongful death, and sexual abuse matters, and the firm was among the first in the country to hold institutions accountable for child sexual abuse.

The firm offers free consultations, and consultations are available in Spanish and Portuguese.
