

Looty Pool Launches Private Pools for Friends, Family and Co-Workers

New Private Pools let users create lottery groups with friends, family and co-workers, bringing the fun of playing together and creating your own office pools.

NEW YORK CITY, NY, UNITED STATES, September 21, 2026 /EINPresswire.com/ -- [Looty Pool](https://www.looty-pool.com/) Launches Private Pools — Because Winning Is More Fun Together

Create a Private Pool, invite your friends, family and co-workers, and get in on the fun. Let's Win The Lottery Together.

Looty Pool is built around one simple idea: Let's Win The Lottery Together.

Now, Looty Pool is making it even easier for people to play together with the launch of Private Pools, a new feature that lets users create their own lottery pool and invite friends, family members, co-workers and others they know to join.

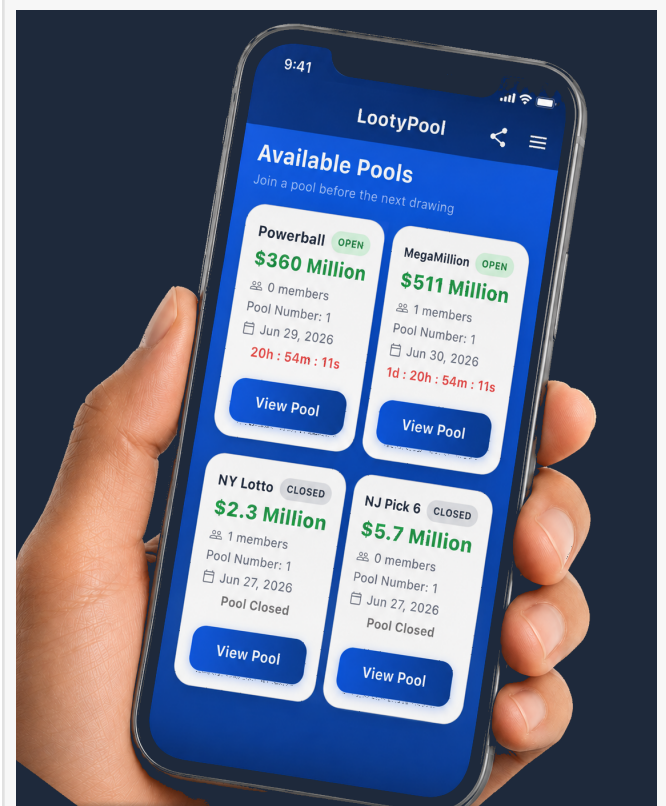

Private Pools take the traditional office lottery pool and make it easier to organize. Instead of trying to keep track of who is playing, who joined, or which tickets belong to the group, Looty Pool gives everyone one place to come together and enjoy the excitement of the drawing.

Want to create an office pool with the people you work with? You can.

Want to start a pool with your family? You can do that too.

Have a group of friends who are always talking about what they would do if they won the lottery? Create a Private Pool, invite them, and start playing together.

That is the idea behind Looty Pool.

Looty Pool App, join the fun and play together. Let's Win The Lottery Together.

“

The more people who join Looty Pool, the more lottery tickets we all have to share. Let's Win The Lottery Together.”

Joseph Salmond

“Let's Win The Lottery Together,” said [Joseph Salmond](#), creator of Looty Pool. “Instead of everyone playing alone, we want to bring people together. The more people who join Looty Pool, the more lottery tickets we all have to share. That makes every drawing more exciting because now we are all watching the numbers together and hoping this could be the one.”

Looty Pool currently supports popular lottery games including Powerball, Mega Millions and New Jersey Pick 6, with New York Lotto coming soon.

Private Pools give users another way to enjoy those games. A group can create its own private pool, invite the people they want to play with and enjoy the excitement of every drawing together.

And Looty Pool is thinking big.

“We are building the largest online office pool, where people from all over can come together and enjoy playing the lottery as a group,” Salmond said. “But we need everyone to help spread the word. Tell your friends about Looty Pool. Tell your family. Tell your co-workers. The more people who join Looty Pool, the more lottery tickets we all have to share.”

That is one of the things that makes Looty Pool different.

It is not only about buying a lottery ticket.

It is about that feeling when the jackpot gets bigger and everyone starts talking about it.

It is about checking the numbers together.

It is about sending a message to your friends saying, “Did we win?”

And maybe one day, it is about being able to say:

“We won together.”

Looty Pool also wants to make sure losing lottery tickets can still have a purpose.

Through the [Looty Foundation](#), losing lottery tickets are donated to nonprofit organizations.

Instead of simply throwing those tickets away after the drawing, Looty Pool help nonprofit organizations and the people they serve.

The Looty Foundation is an important part of what Looty Pool is building because Looty Pool wants the idea of playing together to go beyond just winning the lottery.

We want to play together.

We want to win together.

And we want to give back together.

With Private Pools now available, Looty Pool is encouraging users to create their own pool, invite the people they know and help spread the word.

Create a Private Pool.

Invite your friends.

Invite your family.

Invite your co-workers.

Tell someone about Looty Pool.

And then get ready for the next drawing.

Because the more people who join Looty Pool, the more lottery tickets we all have to share — and the more fun it becomes to play together.

Tell your friends. Tell your family. Tell your co-workers.

Let's Win The Lottery Together.

About Looty Pool

Looty Pool is the largest online office pool designed to bring people together to play popular lottery games. Looty Pool gives users the ability to participate in group lottery pools, create Private Pools with friends, family and co-workers, access lottery tickets and enjoy the excitement of each drawing together.

It all starts with one simple idea:

Let's Win The Lottery Together.

About Looty Foundation

The Looty Foundation is the giving side of Looty Pool. Through the Looty Foundation, losing lottery tickets are donated to nonprofit organizations helping the community around us.
