# Lenoss Medical, Inc. Surpasses 500 Procedures with its OsteoPearl® Biological Allograft Implant

PROVIDENCE, RI, UNITED STATES, September 22, 2026 / EINPresswire.com/ -- Lenoss Medical is celebrating the achievement of a key milestone, surpassing 500 OsteoPearl® procedures, with more than half of those procedures occurring in the last 12 months.

Lenoss Medical, Inc. is a Providence, RI based biomedical company focused on physiological repair of skeletal disorders.

OsteoPearl® is a novel biological allograft implant made from 100% cortical bone, providing a scaffold for the ongrowth and/or ingrowth of newly formed bone. Offering an alternative to PMMA bone cement, a biological option for VCF repair has the potential to transform the way healthcare professionals approach repairing osteoporotic spinal fractures.

> It is exciting to see the continued impact that the OsteoPearl® implant is having on patient care."
>
> *Dom Messerli, CEO and Founder of Lenoss Medical*

"We are excited by the adoption taking place in the marketplace, particularly over the course of the last 12 months, as the number of hospitals and physicians using the OsteoPearl® implant continues to expand," said Dom Messerli, CEO and Founder of Lenoss Medical. "It is exciting to see the continued impact that the OsteoPearl® implant is having on patient care."

For more information on Lenoss Medical's mission and progress to date, please watch the one-minute video below.

About Lenoss Medical, Inc.
Lenoss Medical, Inc. is a Providence, RI-based medical device company focused on the repair of osteoporotic spinal fractures. The company's flagship product, the OsteoPearl® Biological Allograft, is an implant designed to provide Natural bone where More bone is needed most.
