A Disappearance With No Visible Exit

Claire Hartwell leaves her phone, purse, and coat behind at a Manhattan restaurant. No security camera records her departure. When Claire's brother asks Kit to find her, the investigator begins with the question at the center of the case: how could Claire leave the restaurant unseen? The police are searching, and Kit starts tracing Claire's final hours.

Restaurant staff provide accounts that leave questions unresolved. As Kit follows the details, she learns that Claire believed someone was watching her. The possibility that Claire arranged her own disappearance gives the investigation new urgency and leads Kit beyond Table Nine. The case calls for careful judgment. Kit must weigh what witnesses remember, test her instincts against evidence, and protect people who may be afraid to speak. Each step brings her closer to understanding what Claire feared and where she might have gone.

A New Investigator and a Continuing World

Kit is a female private investigator who enjoys tackling problems others consider impossible. She asks questions people overlook and brings strong opinions about coffee, clothes, and beautiful men to her work. Humor and sharp character interactions run alongside the investigation. Her life outside the case also takes shape in this first book. At One More Chair, Kit finds coffee and a circle of people ready with unsolicited advice. Their friendships introduce a continuing part of her New York world as she takes on future cases.

"Kit's first case begins with a question that seems impossible, then asks her to look closely at the people affected by Claire's disappearance," said Kira, author of "The Vanishing at Table Nine". "I wanted readers to have a complete mystery to follow and a group of characters they could look forward to visiting again."

The Vanishing at Table Nine delivers a complete mystery while opening a series in which Kit investigates disappearances, secrets, dangerous clients, and other difficult cases. Here is a recent article published [about the book](#).
