ness construction - home remodeling

“

Our goal is to help homeowners transform their properties with thoughtful remodeling and construction solutions that combine functionality, quality workmanship and attention to their vision.”

Ness Construction

Each project begins with an understanding of the client's goals, existing property, and desired improvements. Ness Construction works to develop solutions that combine functionality, design, and professional construction for both indoor and outdoor spaces.

Why Customers Choose Ness Construction

Ness Construction offers services covering multiple areas of residential improvement. Kitchen and bathroom

remodeling projects can update important living spaces, while room additions provide an option for homeowners seeking additional usable square footage without relocating.

ADU and garage conversion services can help transform existing or newly planned spaces into more functional areas. Depending on the project, these spaces may be designed for additional living space, guest accommodations, a home office, or other household needs.

For exterior improvements, Ness Construction provides hardscaping as well as pool deck, pool resurfacing, driveway concrete, and paver services. These projects can help property owners update outdoor living areas, walking and driving surfaces, and the overall appearance and functionality of their properties.

“Our goal is to help homeowners transform their properties with thoughtful remodeling and construction solutions that combine functionality, quality workmanship, and attention to each client's vision.”

— Ness Construction
