Founded in 2025 by CEO Neil Lock and co-founder Natalie Lock, Zinn Hub is operated by [Zinn Digital LTD](#). The platform connects businesses with verified freelancers across digital services including SEO, web development, design, content, video and specialist services. It supports 46 languages and 59 currencies, with translation across listings, messages and reviews, as well as live language translation and captions during calls.

Freelancers receive 0% platform fees on their first \$500 in sales, subject to platform terms. After that, commission is tiered and can fall as low as 7 per cent. Buyers pay no platform fees.

Payments are protected, with instant payouts available through connected Stripe or PayPal accounts, alongside card, PayPal and cryptocurrency payment options.

Zinn Hub offers three ways to work in one place: fixed-price services known as Zinns®, project bidding with free proposals, and a freelancer directory for direct hire. Freelancers complete identity verification and a skill check before listing services or submitting project proposals, helping buyers find verified professionals while giving freelancers a platform to build their own reputation and brand.

Zinn Hub® operates in the global freelance marketplace sector alongside established platforms such as Fiverr and Upwork, while offering its own approach to freelancer fees, buyer fees, multilingual tools and freelancer verification.

The 365 Awards recognition follows earlier recognition from Best of Best Review, which named Zinn Hub “Best Multilingual Freelance Marketplace in the United Kingdom of 2026”.
