Silicon Valley Aesthetic Dermatology Announces New Post on Laser Skin Rejuvenation and Juvéderm Treatments

Explore new content on laser skin rejuvenation and Juvéderm from Silicon Valley Aesthetic Dermatology in San Mateo.

SAN MATEO, CA, UNITED STATES, October 1, 2026 /EINPresswire.com/ -- Silicon Valley Aesthetic Dermatology, a top-rated skincare clinic serving Foster City, Burlingame, and San Mateo, is proud to announce new content focused on new anti-aging skincare options. Combining Juvéderm and a laser skin rejuvenation treatment can reboot collagen production and restore lost volume.

> Skincare technology and products continue to elevate the results of aging skin."
>
> *Dr. Miguel Canales*

"Skincare technology and products continue to elevate the results of aging skin. We've found that the right combination of treatments boost individual results. For example, Juvederm plus a laser skin treatment smooths out and plumps up the skin for a fresher, more youthful result," explained Dr. Miguel Canales, Medical Director of Silicon Valley Aesthetic Dermatology. "We welcome anyone to stop by and share their skin issues so we can discuss what the best combination might be for their success."

The new content being announced can be found at https://svaestheticderm.com/blog/2026/09/07/plant-the-seeds-for-great-skin-with-an-expert/. Persons looking for best-in-class skincare in Foster City, San Mateo, and Burlingame are encouraged to read the new content and then book a consultation. Each person's skin is unique, and so a one-on-one consultation is essential to create the best skincare treatment plan for that patient. The post explains the value of professional skin care treatments for the face, body, and hands. Juvéderm is an injectable filler typically used to plump the skin and diminish fine lines around the eyes, mouth, and jawline. Injectables come in various ingredients that target specific skincare goals. Botox (https://svaestheticderm.com/botox/) is a form of botulinum toxin used to block nerve signals to muscles and prevent deeper facial lines. Juvéderm is a hyaluronic acid gel similar to the natural hyaluronic acid in human skin that helps retain moisture. The treatment can benefit patients with a sagging chin, nasolabial folds, under-eye concerns, and thin lips. To review the clinic page for Juvéderm, visit https://svaestheticderm.com/juvederm/. Laser skin rejuvenation can reduce the appearance of spider veins, rosacea, acne scars, and sunspots.

Laser skin rejuvenation can also support hair and tattoo removal. One can review details on laser skin care on the clinic page at https://svaestheticderm.com/laser-skin-rejuvenation/. To maintain skincare treatment results, patients should follow a consistent skincare regimen. The American Academy of Dermatology provides information for skin care basics at https://www.aad.org/public/everyday-care/skin-care-basics/. Choosing a skin care clinic in San Mateo may lead to scheduling a complimentary consultation with SVAD at https://svaestheticderm.com/.

ABOUT SILICON VALLEY AESTHETIC DERMATOLOGY

Silicon Valley Aesthetic Dermatology (https://svaestheticderm.com/) is a top-rated skin care clinic serving clients in Foster City on the Peninsula. The medical spa employs best-in-class estheticians and skin care 'doctors' for San Mateo, Burlingame, Belmont, Redwood City, and south of San Carlos. The skin care clinic offers a range of treatments, including microdermabrasion, laser skin rejuvenation, nano skin peel, micro skin peel, and therapeutic services. Skin tightening regimes and photo facials are also available at the clinic. Bay Area residents searching for injectables can find a list of popular brands, including Botox®, Belotero®, Juvederm®, and Kybella®. Individuals considering treatments for adult acne and other dermatological conditions can support the clinic by doing so.
